Mounties Confiscate 'Fake' Coins

Canada's Royal Canadian Mounted Police were today conducting an investigation following the seizure of the entire counterfeit coin collection of the Toronto Coin Centre.

A news dispatch from Toronto revealed that both RCMP spokesmen and coin collectors said they could not recall similar police action.

Lists containing names of others who might have counterfeit coins in their collections were also seized at the Coin Centre's Church street offices.

A RCMP officer said collectors named on these lists would be contacted in a search for counterfeit coins.

Albert Rosen, of the Toronto Coin Centre, said he was not aware that private collections of such coins were illegal.

He predicted he would become the center of a test court case.

He was told action was taken because he advertised counterfeit coin for sale. A section of the Canadian Criminal Code prohibits such advertising.

Rosen said many of 70 pieces were outdated foreign coins "that would be of no use to anyone other than as collector's items." He valued the coins at more than \$200.

No charge was filed against Rosen, although the RCMP said the matter was under investigation.

"No matter what happens, this whole thing will probably force a change in the Criminal Code," Rosen declared. He said any serious collector is likely to have counterfeit coins, and that if charges are filed, many people might be involved.

ANA Ex-President Dies

Medallist J. Henry Ripstra Claimed In Chicago On May 4

J. Henri Ripstra, 80, of Chicago, known as "the grand old man of numismatics," and president of the American Numismatic Association in 1937 and 1938, died May 4. One of the pioneer members of the A.N.A., Ripstra joined in 1908 (No. 939, Life J. H. Ripstra 29). He held one of the few A.N.A. honorary memberships and received the 50-year gold membership medal in 1957. His election as 21st president climaxed his A.N.A. career.

Messages of condolence continue to reach Mrs. Ripstra at their home, 2126 Gladys Avenue, Chi-

cago—the home the Ripstras established immediately after their marriage.

Their home was a virtual open house every day of the year for coin talk, a "between meetings" meeting place. Mrs. Ripstra accompanied and encouraged her husband through his long and successful numismatic career, and she shared the warmth and affection bestowed upon her husband by fellow numismatists.

Ripstra was one of the founders of the Chicago Coin Club—among many that he helped organize—and he was privileged to join in the 500th meeting celebration of the Chicago club September 14, 1960. He held charter membership No. 9 in the Chicago group.

Henri Ripstra had many accomplishments—in numismatics, in business and in many varied interests. He counted as his friends people from all walks, all parts of the country.

He knew coins, medals, stamps and art objects—and the people who worked with, collected, sold or made them.

A Lincoln scholar he founded the Lincoln Group of Chicago, assembled a Lincoln library and published a book in 1945 which contained papers read before this group.

Fellow members of the Chicago Coin Club said of their friend: "There are hundred of things which come to mind . . . the (Continued on Page 2)

Medal of Caesarea. (Photo reproduced by special permission, Life Magazine).

Ancient Medal Draws Caesarea's Portrait

A commemorative medal that cost \$100,000—a find that climaxed a sea search into history at Caesarea in the Holy Land—is fully described in a 11-page color pictorial essay in the May 5 edition of Life magazine.

Written by Kenneth MacLeish, Life senior editor, the story climaxes with the discovery of a tessera (commemorative medal) inscribed with the Greek letters K A for Caesarea.

When the small black disk was examined, it was found that it

carried the only picture in existence anywhere of Caesarea, built by Herod the Great 10 years before Christ was born.

This highlighted a \$100,000 undersea archaeological expedition headed by Edwin Link, owner and skipper of the Sea Diver, and sponsored by the America-Israel Society, the Princeton Theological Seminary and Life.

The Life story gives full details of the work of the top-notch diving crew as they uncovered treasures in Herod's harbor. This

site was selected because it was the port of entry to ancient Palestine and a trade route focal point.

The medal bearing the portrait of the port is the size of a dime, and is made of alloyed metals. It shows tall structures at the entrance of the harbor and Roman ships.

It was found at a level 15 feet below the sea floor along with other coins, carved ivory hairpins, a metal seal with the likeness of the god, Horus, a lamp and a storage jar.

Quartet Of A. N. A. Candidates Declare Platforms And Policies

William N. Worth

William N. Worth, Portland, Oregon, member of the American Numismatic Association for 23 years, is a candidate for the organization's Board of Governors.

Worth, who served as chairman of the Exhibit Award committee at the A.N.A. convention in Boston last year, received the A.N.A. "good fellowship award" after he chairmanned the 1959 A.N.A. meeting in Portland. He also served as a member of the "Books for the Philippines" committee.

The Oregon numismatist is a retired employee of the Pacific Telephone and Telegraph Co.

A member of the Pacific Northwest Numismatic Association, he is a past president of this group and at the present time holds the post of treasurer, elected to this office in 1957.

Elmer G. Nelson

"The continued advancement of current American Numismatic projects and further assistance to the new collector by the organization of more local coin clubs throughout the country."

This is the platform of Elmer G. Nelson, Grand Island, Nebr., Board of Governors candidate in the forthcoming A.N.A. election.

The 39-year-old World War II veteran has been a member of the A.N.A. since 1947 and holds life membership 281.

He served as publicity chairman of the A.N.A. convention in 1955 in Omaha and currently serves as A.N.A. representative for the Nebraska Numismatic Association.

Robert G. MacArthur

Robert G. MacArthur, Oakland, Calif., is seeking re-election to the American Numismatic Association's Board of Governors.

"I do not believe in high sounding but meaningless 'platforms'," said MacArthur. "I have never made a 'campaign promise.' However, if I am re-elected I will continue to do all in my power to promote the welfare and advancement of numismatics in general and the A.N.A. in particular."

A native of Nashville, Tenn., MacArthur was born June 25, 1895. He attended public schools in Tennessee and Kentucky and graduated from the Louisville, Ky., high school. He attended the University of Kentucky at Lexington for three years.

In June, 1923, he graduated (Continued on Page 2)

Ben Stocker

Ben Stocker, of Detroit, Mich., believes the American Numismatic Association's Board of Governors should be increased to at least nine members to give better representation.

Stocker is one of 19 candidates for the five-man Board of Governors.

"I believe the officers and the governors of the A.N.A. are doing a magnificent job, but the present Board of Governors is inadequate considering the size of our present world-wide membership," said Stocker.

The Detroit numismatist said he favors stronger, concerted agitation for a worthwhile commemorative issue—preferably a silver dollar, and distributed not through any commission or group, (Continued on Page 2)

Fidel Castro's government has made it a crime for anyone to own foreign currency in Cuba, a UPI news dispatch from Miami revealed.

The decree, according to the dispatch, is expected to make it harder for anyone wishing to leave Cuba to join the stream of refugees now flocking into the United States.

National Bank President Raul Cepero Bonilla ruled that no Cuban or foreigner living in Cuba may have other than Cuban currency in his possession, Havana radio announced.

Cepero also decreed that foreign gold coins used in jewelry must be declared immediately.

The two rulings, latest in a new series of financial belt-tightening measures announced by Havana radio, were made retroactive to May 1.

"Perhaps the quality which makes him so memorable and indeed made him the man he was, was the zest and enthusiasm he had for life. And this he leaves for numismatics . . . for the Chicago Coin Club . . . for all of us..."

Ripstra was born in February 18, 1881, in Grand Rapids, Mich. He was the son of a cabinet maker. He went to Chicago while he was still in his teens to study art. He became an engraver and designer of medals and operated his own engraving business on Wabash Avenue in Chicago's loop. Insufficient Reservations Cancel Tour

The Schulman European Coin Tour has been canceled.

"It is with great regret that I as tour organizer must make the decision to cancel the tour for this year," said Hans Schulman from his New York offices today.

(The 24-day "numismatist's dream vacation" was to be held from September 4-28, and included attendance at the International Numismatic Congress and the International Association of Professional Numismatists in Rome.)

Schulman said he believed the entire hobby of numismatics is so involved with conventions, trading and selling of coins that collectors and dealers cannot see the possibility of getting away for more than a few days or a week.

"I was surprised and disappointed that among 62,000 Coin World readers we could not find enough enthusiasts to go to Europe in search of coins and entertainment," Schulman said. "The facts are tougher and harsher than our thoughts or wishes."

For those who were disappointed, Schulman said he contacted Lang Travel International, and they have composed a tour special to start September 1 to go by the way of Amsterdam and Switzerland. The group will arrive in Rome September 11 for the Congress and return to New York via Paris. This tour by KLM jet will cost less than \$1,000 according to Schulman.

Full description of the replacement tour will be sent to interested numismatists if they write to Lang Travel International, 60 East 42nd Street, New York City, or to Coin World.

Coin World Revamps Eight Word Ad Classifications

To meet an ever-growing use of Classified Word Ads, Coin World is announcing the addition, changes and rearrangements of eight classifications with this May 18 edition.

"Every effort has been made in the planning of these new classifications to bring the willing numismatic buyer and seller together quickly, and economically," said Editor D. Wayne Johnson in making the announcement.

"These are just a start of the many improvements which we will be announcing from time to time as we enter the second year of weekly publication," he concluded.

The biggest classification to be affected by the change will be the "For Trades, number 195" as this has proven to be the most popular with collectors everywhere. In an effort to give better service and to assist the readers to consider the offer to trade, all "Trades" have been divided into three classifications.

With a new departmental heading of "Trades" the strictly trade ads will appear in Classification 195 (where all appeared before) and will be limited to Classified Word ads or Classified Display ads whose content is solely for trading.

A new classification known as "Sale or Trade, number 196" will present all ads in which an offer is made to either sell or to trade numismatic items. Strictly for sale ads will continue to be found under the departmental heading of "for sale."

A second new classification will be known as "Buy or Trade, number 198" which will present all ads in which an offer is made to either buy or to trade numismatic items. Strictly wanted to buy ads will continue to be found under the departmental heading of "wanted."

A new for sale classification will be known as "Unsorted Coins, number 68" in which will be found all advertisements listing vending machine and parking meter coins which are numismatically untouched. This will include all denominations of coins and will

'Overdates' Filled 2's Says Breen

Hundreds of collectors who think they have discovered overdate nickels have coins with filled 2's instead, expert Walter Breen, Berkeley, Calif., warned in the wake of hundreds of "discoveries."

Breen issued a clarifying statement "before someone gets badly hurt."

"Since Coin World published a story about the overdate dime in the March 16 edition, hundreds of collectors have been finding what they think are 1883/2 nickels," said Breen.

"Every one of them that has so far been shown me is just like the coin illustrated on Page 5 of your April 27 issue."

"This is not an 1883/2 but an 1882 with filled 2."

Breen continued his statement by saying that at least half the 1882's he has examined in the last 10 years have filled 2's. Sometimes, he pointed out, they are offered as "1882/1" but he has never seen one with clear signs of a 1 behind a 2.

"The real 1883 over-2—There are at least five die varieties of it—shows a clear 3 and a weaker 2, or part of it, to left, partly to left or within the 3," Breen said.

He pointed out there was not much chance of misidentifying an 1883/2 after having seen one. The value of the 1883/2 depends on how much of the 2 is visible under (or to left of) the 3, according to the expert.

bring together the "bulk coin" offers into one spot for ready checking by collectors.

Under the departmental heading of foreign coins has been created the new classification "Coins of Mexico, number 93" to meet the demand for a specific location for these important and interesting items of our southern neighbor.

With the growing interest in price lists, a special classification was created to be known as "Price Lists, Catalogs, number 177." More and more dealers are listing their material to make these available to collectors generally.

The classification Coin Publications has been renamed "Coin Magazines, number 180" as the classification number remains the same.

Mail Bid Sales of varying sizes have been scattered throughout the "news pages" of Coin World since its inception. However, with the June 1 issue, all mail bid sales of 10 inches or less will be concentrated into a new classification at the start of the Classified Section and this will be known as "Mail Bid Sales, number 00," or "double zero."

Another innovation under the expanded classification program will be the relaxation of the four inch minimum size for mail bid sales. By appearing in Classification 00, mail bid sale advertisements of three and two inches will be accepted for publication. All of these mail bid ads will be presented typographically in classified style.

Gold Bars Scattered In Truck Upset

A semi-trailer truckload of gold bars being pulled by a Brinks, Inc., armored car overturned on U. S. 42 nine miles east of Warsaw, Ky., recently spilling the bars alongside the highway.

The gold, en route from the federal gold depository at Ft. Knox, Ky., to New York, was unofficially estimated to be valued up to 100 million dollars.

Albert B. Evans, civilian officer in charge of the gold depository at Ft. Knox, said today, "We never divulge information of that type. Any material that leaves here is the responsibility of the carrier. We're not interested after it leaves here."

Carl H. Prosser, 41, Calumet City, Ill., driver of the armored car pulling the semi-trailer truck, said he was forced to swerve to miss a Kentucky Highway Department line-painting vehicle which was in the center of the highway.

The rear wheels of the semi-trailer truck went off the road, causing the vehicle to overturn in the roadway. Some of the gold spilled out, state police said, and the rest was removed and stacked in piles, awaiting transfer to another truck of the convoy which had gone on ahead.

The overturned truck blocked one lane of the busy highway for two and one-half hours. The accident occurred just west of the Boone County line in Gallatin County.

Gallatin County Sheriff Ed Rea said several motorists reported seeing the gold piles but were kept moving by guards.

He said Bailey Adams, of Warsaw, an employee of the Baldwin Piano Co., Cincinnati, Ohio, who was returning from work, said, "The sun was shining on those piles of gold and they were really pretty."

Brinks service at Louisville, had no comment on the accident when queried.

Kentuckians Promote Coin

Congress may be asked to pass legislation authorizing the Commemorative coin or medal honoring Kentucky's Ephraim McDowell. Designs shown here, the work of Thomas Lynn, artist-designer, and his co-designer, Melvin Cox, Danville, Ky., have been submitted to Governor Bert Combs, who in turn has urged Representative John Watts to draft a bill for the issuance of the coin or medal.

Coinage For 1961 Above '60

For the second straight month the nation's Philadelphia and Denver Mints failed to manufacture a single five-cent piece, with Philadelphia devoting itself entirely to the execution of cents, proof sets and coinage for foreign governments.

The total domestic coinage in April of this year, however, exceeds that of a like period in 1960, according to the April statistics issued by the Treasury Department's Bureau of the Mint in Washington.

In April, 1960, the total domestic coinage reached 209,466,244. This year in April the total stood at 253,994,000, an increase of 44,527,756.

Cents and proof sets were responsible for the coinage figure rise, according to the Mint report—all other denominations were lower in April, 1961, in comparison with the April, 1960, production.

The cent output at the two Mints for April—Philadelphia, 65,860,000, and Denver, 137,010,000—reached a new high for the year.

Proof set manufacture dropped during April; in March a total of 643,413 sets were reported; this fell to 281,888 for April; more proof sets might have been struck, but not recorded officially by the Treasury Department, thus making them ineligible to be counted in the official April figures. The 1961 proof set total was running 430,384 ahead of production in 1960.

There was no nickel production at either Mint—but there were more halves, quarters and dimes manufactured at the Denver Mint for April than for any of the first three months of 1961.

Domestic coinage figures released by the Philadelphia Mint for March and April are as follows:

March: 2,000,000 one cent pieces of bronze; 200,000 cupro-nickel five cents and 200, silver one cent for Liberia; 14,35,000 one centavos in bronze and 24,136,000 brass five centavos for the Philippines.

April: 16,280,000 10 centavos in cupro-nickel, 7,624,000 five centavos, brass, and 100,000 one peso pieces of silver for the Philippines.

The March total foreign coinage manufacture was 40,886,000 pieces; for April was 24,004,000.

A complete four-month cumulative Mint report will be found on Page 42 of this Coin World edition.

Club Aids Its Member

Members of the Downriver Numismatic Association of Wyandotte, Mich., held a combined buffet supper and family night recently as a benefit for charter member Merton Showalter.

Showalter, a Wyandotte policeman, has been unable to work for the past year since he underwent a brain operation. He received all proceeds from ticket sales to the buffet and from an auction of numismatic and other items donated for the purpose.

According to a report from Frank Erdos, club treasurer, bidding was high and value disregarded. Total turned over to Showalter was \$100. Many of the items were donated by local merchants.

"The wonderful success of this benefit proves once again how coin collectors will come to the aid of each other when the chips are down", Erdos said.

Shroyer Will Speak In Sidney

C. C. Shroyer, of Fremont, Ohio, vice president of the American Numismatic Association, will address coin collectors in Sidney, Ohio, home of Coin World, on Thursday, May 18, at the Amos Memorial Library.

Collectors in a 40-mile radius are being invited to attend the meeting, which starts at 8 p.m., for the purpose of forming an area coin club.

Harold Rogers and Dr. Malcolm Thompson, Sidney numismatists, are heading arrangement plans. They urge anyone interested in coin collecting to attend the meeting, and hear the next A.N.A. chief executive.

Coins To Join Stamp Paper

A new publication, to be known as "The Canadian Philatelic and Numismatic Leader," will be issued starting with the July edition, according to the Philatelic Leader, of Winnipeg, Manitoba, Canada.

The firm is changing the publication of "The Philatelic Leader" to include both stamp and coin collecting on the first anniversary of publication.

The publication costs \$1.50 a year; sample copies may be obtained by writing to 1432 Lincoln Avenue, Winnipeg, 3, Manitoba, Canada.

Turn In Counterfeits

Several weeks ago we gave a speech in which we listed the good and the bad things in coin collecting today. The good far outweighs the bad, but the evil does exist, however.

Dick Johnson

We listed the bad as coin thefts, altered date coins, and spurious and counterfeit coins at the top of the list.

Here at Coin World we are dedicated to have the cleanest hobby possible. To achieve this we will expose the evil in our field and try to stop it.

But counterfeit coins are so grossly illegal that we skipped over it lightly, thinking that everyone knew he shouldn't have these in his collection. Were we mistaken!

Since writing on this subject three weeks ago, we have found that many collectors have counterfeit coins in their collection.

Worst of all, they think this is permissible, that it is okay to have counterfeits in your collection. Nothing could be further from the truth!

How this erroneous idea ever started, we will never know. But it is illegal to own, possess, or sell counterfeit coins. They do not belong in a coin collection. They are not collector's items.

Dealers report that they are occasionally offered counterfeit coins; and collections brought to them for appraisal frequently have counterfeit coins in them.

The news story on the front page of this issue tells of a dealer who mistakenly thought it was alright to have counterfeits in his stock. It was brought to light because he tried to sell them—worst of all, through the mail!

If you have suspected counterfeit coins in your collection, turn them over to the Secret Service, guardians of our coins. They will test them and if they are genuine, the coins will be returned to you. There are enough good coins in the world to collect without having these parasites in your collections.

Private Medals

Medals and medal issuing have been criticized a lot recently. While several letters have come to us from collectors in our own field the strongest critic is a stamp dealer, Herb Herst Jr., in his publication "Herst's Outbursts":

"There is another type of leech who has found the coin field easy pickings. He is the chap who mints coins of his own, to commemorate various things like the launching of a nuclear submarine, the inauguration of a new President, or the like.

"True, he calls them medals, or souvenirs, or commemoratives—anything but coins, but it isn't chance that dictates that they may be made in the size of, and in the appearance of, a commemorative half dollar. . . ."

We cannot allow such biased statements to go unanswered. Medals are issued for two purposes: to be given away for honor or award, or to be sold as a collector's item preserving in metal a person or event.

The criticism is not new. For years medals have been criticized: they did not have a face value, and they could not be obtained from circulation or they could not be spent. Unthinking persons criticized medals for not being coins! Now the critics are attacking the person who sponsors or issues a medal.

The private issue medal has been with us for many years. It is an expression of art in medallic form. It is freedom of speech in metal. It is what the artist thinks is beautiful. It is what generations later will think of us. It is our posterity in durable form.

The person who issues a medal is to be commended for preserving this culture for us—not criticized! He is to be commended for giving to collectors the items we cherish.

The medal issuer fifty years ago was criticized, yet if it were not for him we would not have the medals, the commemoratives, the souvenirs that are treasured today.

Letters To The Editor

Please accept my sincere thanks for the courtesy issues of the newspaper you sent me because of the discontinuation of the "Numismatic Advertiser." Coin World has been most welcome and I think you have the finest newspaper in the numismatic field. You and your staff are doing a splendid job in obtaining and presenting information and news for the collector. I do not wish to miss a single issue. Enclosed is a check for my two-year subscription you have my very best wishes for a successful, long-lived publication.

Earl W. Batten
Salem, Va.

After I read about Walter Breen's find of the overdate Barber Dime, 1893 over 1892, I recalled that I had a "doubtful" Indian Head cent. I had never known much about overstrikes, or paid much attention to items in connection with them before.

However, the similarity of the "3" over the "2" brought to mind my Indian Head cent of 1872 which, when tilted slightly, becomes an 1873 under certain lighting. Upon examination I find the words "of America" also show some evidence of an overstrike.

It would be interesting to know if this is a known variety, if it really is an overstrike, and just how does one go about finding out.

Another interesting thing about this cent is that there seems to be a penciled "X" beside the date indicating that this peculiarity had been noticed by someone else at sometime in the past.

Grace A. Cook
Clearwater Beach, Fla.

We all sure enjoy reading Coin World every week and when finished pass it on to some of our young people to read (and order materials, etc. if we see something we like or want). Enclosed you will find a couple of wooden nickels which we use to advertise our Sunday School. Have you heard of anybody using these for this purpose before? We have found it very successful. The Wooden Nickels are redeemable at our Sunday School fair in May.

William B. Simons
Watertown, N. Y.

Coin World magazine is by far the best numismatic newspaper I receive. The section I like best is "Trends of Today's Coin Values." I think, however, that it could be improved by adding, once a month, a section about older coins like the Liberty nickels, the large cents, the early dimes and other similar coins.

Gary Murphy
Wildwood, Ill.

In the March 23 edition of Coin World I started enthusiastically to read the announcement that you are to issue a historic medal series. A series of such medals, accumulated over the years, will be a very interesting part of any numismatist's collection. But I read with mixed emotions that you had chosen a Civil War Centennial theme for your first medal.

Almost anyone will agree that the Civil War is an important, major event in the history of our country. Men were sincere in convictions and had the courage to defend those convictions. This is a noble characteristic.

Yet, to me, the Civil War is an event which is to be studied, discussed, evaluated—but never commemorated or celebrated! It is a blight on the otherwise proud and glorious American heritage. The Civil War resulted because conflicting ideals could not be harmonized reasonably and peacefully. Are we to celebrate the fact that fellow Americans shed each others' blood? Are we to be proud that men did not act like men, but that they resorted to the age old irrational act of war? Are we to commemorate misguided zeal of both the North and the South?

In coming years I will very proudly display Coin World's historic medal series. But there will always be at least one medal

missing. My collection will never be complete. I do not want a medal to help me commemorate my forefathers' ignominious actions.

Neil J. Lynch
Arlington, Va.

I came across a statement by Peter Dunay of Fair Lawn, N. Y., stating that it was not very fair to raise the classified word ads from \$1 to \$2 minimum. I'll back Pete up all the way. The other week I was going to put an ad in your paper until I remembered the big jump. I must confess that you put out a wonderful newspaper with very very much information. But raising the price one dollar is going much too far.

Just remember Pete's statement: "But keep in mind that us small fry helped make the paper what it is." And he is so right.

Bill O'Donnell
Johnstown, Pa.

All of us who are advertising regularly in your paper appreciate your phenomenal growth—however, don't overdo it on your continual advertising rate increases every three or four months. You know, sometimes you can cut off your nose to spite your face.

I think you ought to concentrate on stabilizing your rates. You're pricing me out of the market. From now on it will have to be only twice a month instead of four times a month. Please don't force us to make it only once a month or eventually be forced to discontinue advertising in your paper altogether.

Better give this some good thought for a lot of my associates feel the same way. Don't let success go to your head.

W. H. Mohr
Fort Worth, Texas

(Editor's note: Mr. Mohr certainly knows that the rarer a coin is, the more valuable it becomes. Contrariwise, the more subscribers a coin newspaper has, the more valuable it becomes to the advertisers as it reaches more potential customers for their merchandise.

(Production costs do not level off as pages increase and as sub-

scriptions increase. We are now using more newsprint (the major cost of a newspaper) in one week than we used to use in two months. Our postage bill is now the largest of any user at the Sidney, Ohio, post office and the new rates just proposed to Congress will not decrease this cost.

(We still have the lowest advertising rates of any coin newspaper when our every-week advertising contract is used...even though we have the largest net paid circulation of any coin publication in the world.

(We thank Mr. Mohr for his expression of concern, and assure him we have not bought a size larger hat and don't intend to.)

Congratulations on reaching your subscription goal. It is a tribute and an honor well deserved. I want you to know that your paper draws more business than any other publication that I use.

I especially like your editorials and find very little with which to disagree with you in them. I have a copy of your perfect dealer editorial which I refer to very often and find it certainly pays to go by it. Also you might like to know that I clipped out your editorial on the confiscation of the historical material here in New Mexico and gave it to my congressman.

Douglas W. Weaver
Jal, New Mexico

I recently ran an ad in the classified section of your paper and I must say you have brought me the best response of all the papers I have subscribed to. Some people think that the wording in the classified section is so small that not many readers bother to read every single ad. But I know that this is wrong since I got many orders.

I would like to compliment you on the articles on Russian and Laotian money. I think that the coins of these countries give us a better understanding of them.

Scott Wainwright

Dealers Talk At Community Club Meeting

The Community Coin Club of Garden Grove, Calif., added three "firsts" to its record when it invited two outside speakers to recent meetings, and held an auction.

The speakers were the first non-members to address the club, and both were dealers, which was also the club's first official contact with "professionals" since its charter does not allow membership to dealers.

Richard De Mers of Garden Grove was the initial speaker, and discussed the history of coins, the three main reasons for collecting them, and the best type to collect for investment purposes. The second speaker was scheduled to be A. B. Letto of the Orco Coin shop of Santa Ana, who was to talk on coin grading.

For the club's first auction, each member was asked to bring two coins to be auctioned. It was approved by the members afterwards that an auction be held in the future at every fourth meeting.

Next meeting of the Garden Grove club is scheduled for Thursday, May 18, at the Garden Grove Community building, starting at 7:30 p.m.

Club Meets At School

The Lincoln Coin Club of Southgate, Mich., has scheduled its next meeting for Friday, May 19, to be held at the McCann School, Eureka at Dix, in Southgate, starting at 8 p.m., according to a report from secretary Winifred Jewell.

Tennessee Collectors Plan

Members of the Model City Coin Club, Kingsport, Tenn., who planned the club's participation in National Coin Week are, seated, Mrs. Blanche Roache, left, and Mrs. Beatrice Isabel. Standing are E. S. Stanley, left, and Raleigh Hampton.

Report Scheduled

The Beaver Coin Club of Beaver Dam, Wis., has slated its May meeting for Thursday, May 18, to be held at the Beaver Dam library, starting 7:30 p.m. Chief topic for discussion will be a report on the club's National Coin Week displays. Interested coin collectors are invited to attend.

New Club To Meet At YWCA

Monday, May 22, has been scheduled for the next meeting of the one-month-old Kenmore, N. Y., Numismatic Association, to be held in the meeting room of the Kenmore, Y.W.C.A., Delaware avenue at West Hazeltine, according to an announcement from secretary Phyllis A. Buchholtz.

Interested collectors are invited to attend the session.

At the initial meeting, 36 potential members were in attendance. Presiding officer Al Sowl explained that the primary purpose of the club was to provide a place of meeting for collectors who wished to buy, sell or trade numismatic items.

Malta Club Off To Flying Start

Malta, Mont., has a new coin club which was organized in April, elected officers, and arranged for a display in the First State Bank of Malta in observance of National Coin Week, all at the same meeting.

Roger Ulrich was named president; Dr. W. M. Wiprud, vice president, and Roman Losleben Jr., secretary, by the 15 charter members present at the first session, held in the VFW annex.

The second meeting of the Malta Coin Club was scheduled to be held on Tuesday, May 16, also in the VFW annex.

Famous Rarity Register Find

Many countries have their rarities in coins, with the United States having several years in which only a few coins of certain denominations were minted. Portugal is no exception. There

are said to be only three examples of the 1922 one centavo piece in existence in that country, regardless of how many may have been minted.

One of the three is in the possession of one Jorge G. Ribeiro Borralho who found it in a cash register and reported it to the newspaper, Diario de Lisboa (Lisbon), which photographed his find.

Trends Of Today's Coin Values

Response To Gold Prices Is Fine

By Jim Kelly

333 West First St., Dayton 2, Ohio

We have received many favorable comments regarding our first listing of gold coins in the May 11th issue of *Coin World*. We also got the expected disagreement with our valuations! Those who disagreed, in most cases, pointed to much higher auction records as the basis for their belief that we had listed certain items too low. I certainly agree that prices realized at auction sales — and by auction sales I mean where there is open and competitive bidding — have a definite value in establishing prices.

Jim Kelly

However, it must be realized that when a scarce gold coin is sold at auction, the price bid is the most that one collector out of many is willing to pay.

In some of our sales, we have as many as thirty or forty persons bidding on the same scarce coin, so the price at which it sold is certainly not representative of the average value of the coin.

Also to be considered is the competitive spirit involved in floor bidding. Many times a collector sets a maximum price he intends paying for a certain item but when he finds another collector or dealer bidding against him, he often disregards his well planned valuation and pays considerably more.

In compiling Trends, we try to give the average valuation of a coin, fully realizing that under certain circumstances, they are selling for a higher or lower price than indicated.

We appreciate your comments as well as your criticism as it helps us in keeping Trends up to date so that we can give you the type of information most desired.

Mayor Presented Proof Set

Sheboygan, Wis., Mayor C. A. Muuss examines a proof set, the gift of the Sheboygan Coin Club during National Coin Week. Looking on are Loretta Witthuhn and Arthur Kachur, secretary and president of the Sheboygan club. The mayor officially proclaimed NCW; special displays were arranged throughout the city.

North East Ohio Club Goes All Out With Arcade Exhibit

National Coin Week was marked in Cleveland's Old Arcade with one of the biggest numismatic displays that the city has ever seen. More than 30 specially designed displays from private collections were placed in show cases that stretched through nearly the entire length of the Arcade's huge main floor.

The North East Ohio Coin Club of Cleveland sponsored the exhibition entitled "Coins and Currency of Yesteryear," with NEOCC vice president Bill Halliwell acting as exhibition chairman. Over 25,000 persons viewed the exhibit during the week (April 23-29).

The Old Arcade, not only houses dozens of fine specialty shops, but also serves as a "covered boulevard" between Euclid and Superior Avenues in the heart of downtown Cleveland.

A number of specialty shop owners cooperated with the NEOCC by allowing collectors to use their windows for putting up special displays. A jewelry shop window, for example, was "loaned out" for an exhibit that traced the evolution of the American silver dollar — from the Thracian Tetradrachm of Alexan-

der the Great (4th century B.C.), to the Renaissance taler, and finally to the American silver dollar itself.

A second jewelry store operator permitted a collector to set up a display in his window, a collection of recent commemorative gold medals, all in brilliant proof condition.

There were medals of various countries commemorating the 1960 Olympic games, and the founding of Europa, and there was a German medal commemorating the founding of the ancient city of Lubeck.

"This is perhaps one of the finest collections of contemporary gold medals in the world," commented one visiting numismatist.

Another collector used the window of the Federal Coin Exchange for showing one of his specialties, "Coins and Tokens of the Villages, Mines, and Feudal States of France."

Newsstand copies of Coin World were selling like the proverbial "hotcakes" at the Federal Coin Exchange in Cleveland's Old Arcade, scene of the National Coin Week exhibits in that city. Federal Coin did a brisk business all week.

The exhibition was organized like a temporary but comprehensive museum of monetary history. There was a \$35,000 exhibit of United States proof sets, ancient Chinese knife and boat money, currencies of the world, Indian wampum.

A ballot was also provided so that the public could choose the three top exhibits. Winners were to be announced at the next meeting of the North East Ohio Coin Club on May 16.

Radford Club To Meet

The Radford, Va., Coin Club has scheduled its next meeting for Monday, May 22, to be held in the Marine Room of the Recreation hall, starting at 7:30 p.m. Interested collectors are invited to attend. Feature of the last meeting was an auction.

Egypt Coinage Slow

Egypt did not have a practical type of currency until the time of the Ptolemies (323-30 B. C.)

Repeats Win At Coin Show

Bruce MacDougall won first prize at the 15th annual open house coin show recently held in the Worcester, Mass., Historical Society. It was the second year in succession he won top honors. More than 150 persons attended the affair which was sponsored by the Worcester County Numismatic Society.

MacDougall's exhibit on Civil War money included one of the original Confederate restrike half dollars of which only 500 were struck.

Seventeen displays by local collectors covered all types of United States money, including broken bank notes, and some foreign currency.

John Jacobson was awarded second prize for his unusual display of Lincoln cents which formed the 50 states. Third prize went to Charles J. Dupont for his collection of colonial paper money.

Lyle A. Smith was general chairman. The next meeting will be at 8 p.m. May 12 at 39 Salisbury street, Worcester.

Rarity Slated For May Show

One of the rarest regular issue coins of the United States, the 1894-S dime with a mintage of 24 pieces, will be on display at the Open House and Exhibit scheduled by the Coffeyville, Kansas, Coin Club for Monday, May 22, to be held in the Coffeyville City Hall, starting at 7 p.m.

The dime to be exhibited is owned by club member William M. Bradley of Miami, Okla.

This will mark the Coffeyville club's first Open House, and it is hoped that it will be an annual event. Ray Biswell is chairman of arrangements.

Cent Will Be Tucson Program

Cirino Scavone is scheduled to talk on "The One Cent Piece" at the next meeting of the Tucson, Arizona, Coin Club, slated for Tuesday, May 23, in room 111 of the Business Administration building at the University of Arizona, starting at 7:30 p.m.

The last meeting was a bourse session, with each member being invited to bring something to sell or trade, plus his own folding table.

Visitors are welcome at the Tucson club meetings, according to secretary Mrs. Ruth Hills.

"MAN IN SPACE" MEDAL

Issued by

COIN-OF-THE-
MONTH CLUB

Late in the evening on October 4, 1956, A.D., Sputnik I separated from its booster rockets and went into orbit around the earth—thus beginning the "Space Age."

Three years, six months and eight days later (in the fourth year of the Space Age) a man made the first orbital space flight, returning safely to earth after traveling 108 minutes through space and reaching a peak velocity of over 17,000 miles per hour — the fastest speed at which anyone has ever traveled.

The Coin-of-the-Month Club is issuing a Medal to Commemorate this momentous step forward in man's conquest of space.

Limited Issue

There will be only 5,000 Sterling Silver copies of this Commemorative Medal struck along with only 10,000 Nickel Silver and 250 Gold Medals.

The Sterling Silver and Gold Medals will be sold in numerical order according to the date the orders are received . . . after the limited issue is sold out, the dies will be destroyed and no more will be struck.

Be sure to place your order today to be assured of receiving your copy of the "Man In Space" Commemorative as soon as possible. Remember . . . after the original supply is sold out you will not be able to purchase this desirable Commemorative Medal.

First in Series

This is the first in a series of "Space-Age" Commemoratives to be issued as an "extra" by the Coin-of-the-Month Club. If you place your order now for this first in the series, you will also be the first to be notified of the other Medals in the "Space Age Commemorative" series and will be able to build a complete set of these medals in whatever metal you prefer. Future medals in this series will also be struck in limited quantities, assuring you that they will

retain, and even increase in value, as the years go by.

An Excellent Medal

If you have other Coin-of-the-Month Club Commemoratives, you know the exacting care with which these medals are engraved and struck. If you do not yet have Commemoratives issued by the Coin-of-the-Month Club, you will be thrilled by the beauty of workmanship and the satin-smooth two-tone design, which only our master engraver can achieve . . . an effect far superior to the finish on other Medals. And, Sterling Silver especially, as well as Nickel Silver and Gold lend themselves most beautifully to the deft touch of our engraver's superior talents.

A Fine Gift

You will want this "Man In Space" Commemorative . . . and the entire "Space Age Commemorative" series for your personal collection, and you will want to give one or more to your young collector friends who will treasure them.

Again, we must mention that the supply is limited to only 5,000 Sterling Silver, 250 Gold, and 10,000 Nickel Silver medals making it important for you to order immediately.

Specifications: Size — 1 5/16" (33 mm). Obverse — Space Capsule sent into orbit with man inside. Reverse — Facts concerning first manned orbital flight.

Medal Commemorates Famous Gatling Gun

The Gatling gun commemorative medal—a tribute to the weapon that played an important part in the Civil, Indian and Spanish American wars as it cut an immortal swath through 19th century American history, is being sold for \$5 by the Fair Lawn Stamp and Coin Co., 6-11 Fair

Lawn Ave., Fair Lawn, N. J. The medal, two and three-eighths inches in diameter, is struck in high relief. It is enclosed in a sponge-lined plastic case. Richard Jordan Gatling and the gun share the obverse and reverse.

African Collection Big

The Uganda, Africa, Argus recently published—in English—the story of a Kampala, Africa, coin collector—Yashbhai B. Patel.

"A treasure house of ancient, medieval and modern history" was the description used for more than 5,000 coins of the world in Patel's collection.

The story continued:

His East African set, which is perhaps more complete and classified than the rest, recalls the early history of East Africa.

The collection ranges from the first "Mombasa Rupee" of the old British East Africa Trading Company (minted 1888), a white half-cent current in East Africa during the reign of Edward VII a "paisa" issued by Sultan Bargash in 1887 to the moustachioed Kaiser Wilhelm frowning from a German East Africa "halber". Coins minted from lead and copper at Tabora by the great Gen. von Lettow Vorbeck were also included.

Patel also owns an Indian set

dating from Rajput and Mughal days. The coins are in all shapes and sizes, with the mottos and portraits of ancient kingdoms and old warrior Rajas.

Dr. M. Posnansky, curator of Uganda museum, who was recently invited to see Mr. Patel's collection was so impressed that he borrowed a few coins from the East African set for display at the museum.

Dime Find

Donald J. Strom, Hartford, Conn., found a 1944 Mercury dime (S mintage, fine condition) with a bar of the same metal which covers the entire profile. The bar has the appearance of flowing into the dime; the reverse does not show any bulges or effects of the bar. Strom, who operates the Strom's Coin Center, Hartford, found the coin in circulation.

HEY!

I JUST GOT A LETTER FROM 'COIN WORLD'
THAT THEIR PAID CIRCULATION IS NOW OVER 58,000.
HOWEVER, ONLY 5000 OF YOU HAVE TAKEN ADVANTAGE
OF A GREAT PRODUCT.

**53,000 of you are missing the boat
on COINEW**

Two months ago we first advertised "COINEW", since that time 5000 bottles have gone to the hands of collectors and dealers. Many who received "COINEW" have already reordered. We never expected such a terrific response but of course

we are very happy about it. We are happy that "COINEW" has given the collectors a nice easy neat and fast way of cleaning their coins. Many of our customers have told friends about "COINEW" and they also have ordered.

HAVE YOU ORDERED YOUR BOTTLE OF "COINEW" YET?

The following are a few statements taken from letters received from both Dealers and Collectors:

We would like to order a dozen bottle of COINEW (those six bottles you sent last week went fast).

I have always stocked a little bit of all types of numismatic supplies except for coin cleaner. Recently I had 7 requests for your COINEW, so here goes an order.

I tested COINEW and it is very good, send me six bottles.

Please send me 12 bottles of COINEW. I have heard so much about it I decided to stock it.

I have tried them all in my 22 years in the hobby. I have noticed your advertisement, but I didn't give it the least consideration, until the other day when a friend of mine told me of your product. Hence, I am sending in an order for your COINEW.

Have been using your COINEW for some time and find it very satisfactory.

HOW AND WHEN TO CLEAN A COIN

Before you attempt to clean your coins you must first decide if your coins should or should not be cleaned. Every coin has its own cleaning requirement. Be sure to experiment on cheap coins from change first before cleaning your better coins. Before cleaning a coin the collector must examine the coin care-

fully to decide what type of cleaning he will give it, so that he can increase the monetary value of the coin, and also give it the best state of preservation. You must experiment to a point that you can tell what cleaning will do for a coin before you attempt to clean it.

**IF YOUR DEALER HAS NOT YET STOCKED
COINEW, WE WILL BE HAPPY TO PROMPTLY
FURNISH YOU A BOTTLE AT THE REGULAR PRICE
OF \$1.00 PLUS 25c TO COVER POSTAGE & HANDLING.**

One dollar buys a bottle of COINEW at your local dealer . . . enough to clean hundreds of coins. If COINEW doesn't do all we claim, just return it. You will obtain an immediate refund. We know we are secure in offering a money back guarantee. COINEW is revolutionary . . . after two years of testing, we know we've got a good thing! You don't risk a thing when you purchase COINEW. You are simply making an intelligent investment that can pay for itself over and over again . . . because your coins will be worth more!

COINEW IS A REAL SHOCKER! COINEW is a clear liquid. (No

artificial coloring to deceive). It is simple and quick in its action. **YOU JUST DIP THE COIN . . . THAT'S ALL!** Rinse it off and there you are. Filthy uncirculated coins once again reflect the bright frostiness they had when they first left the mint. But that's not all. COINEW does a dandy job on XF and AU coins as well. Believe it or not, it works beautifully on any kind of coin. Try it on gold, silver, nickel or copper. Even zinc coins snap back to their original beauty. What more can we say? You have to see it work on your own coins to believe it.

Nickel Issue Popular Item

Wooden nickels are legal tender in Great Barrington, Mass., at least in local stores there, and will be for some weeks, providing there are any left to be spent.

A first issue of 3,000 coins, printed in brown ink, was released on a Tuesday. On Thursday of the same week, a second issue of 4,000 was released and these were nearly all gone in two days more. So a reserve supply, in blue ink, was issued.

Now a fourth and fifth issue, in different colors, are being ordered, according to a report from the Great Barrington Bicentennial Committee.

The wooden nickels, advertising the June 24 to July 2 bicentennial celebration, have been declared legal tender in the stores of all cooperating merchants in the Great Barrington area.

Coin Week Whirlwind Gets Hero's Welcome

We wonder how many coin collectors were virtually given the "golden key" during National Coin Week.

It was reported to Coin World this week that one subscriber, Ed Neuce of Westover, West Virginia, went "all-out" during the week and was given a "hero's" welcome in at least one community when he arrived there to assist collectors in the formation of a coin club.

Arriving in Terra Alta, a Preston County community approximately 45 miles from Westover, Neuce found the townspeople had reserved a parking meter in his name, decorated other meters with pictures of coins, and in general had "the golden carpet spread" for the A.N.A. member.

At the organizational meeting, Neuce personally signed 17 collectors to membership in the new West Augusta Coin Club of Terra Alta, signed the Club to membership in the American Numismatic Association, presented a display of "Coins of Yesteryear," and gave a brief but interesting account on the finer points of coin collecting and the establishing of a working coin club.

Incidentally, this is the third coin club organized by Mr. Neuce in recent years. The first was the Northern Virginia Numismatic Society in Front Royal, Virginia during 1959; the second was the Mountaineer Coin Club in Westover, W. Va., two months ago; and now the Terra Alta group.

What else does this energetic coin collector do? Well, now hear this! As a newspaper reporter for the Morgantown, W. Va., Dominion-News, he has the most often appearing coin column in the entire country, appearing daily, space permitting.

This column, known as "Ed's Coiner" has set the Morgantown area afire with coin collectors, and Neuce has been one of the busiest reporters in West Virginia, if not the country.

Called on to make coin talks, Neuce made three such appearances during National Coin week alone. One at the Morgantown Friends of the Library annual Spring Meeting, one at a joint meeting of area Cub Scouts of America, and the one mentioned at Terra Alta.

Also, during the week, the reporter signed the Mountaineer Coin Club to potential membership in A.N.A. and one individual membership was also signed by him for A.N.A.

Busy? That isn't the word for it. Probably the busiest place in West Virginia is the editorial offices of the Dominion-News. Coin collectors, potential coin collectors, and people who just want to know the value of coins beat a steady path to the desk of Ed Neuce.

Mail? At last report, the reporter's desk was jammed with mail, quite a bit as yet unopened, from fans from throughout West Virginia, Pennsylvania, Virginia, and even as far away as Arizona.

Why all this work? Well, according to Neuce, "There is nothing I like better than writing about numismatics, speaking about numismatics, and doing all I can to further the nation's number one hobby in this area."

Is there any reward for all this work? Here is the answer direct from Mr. Neuce:

"My reward comes from watching the youth of this area move from the street corners into the center of our coin club meeting; seeing the eyes of the youngster light-up when I tell him that some particular coin in his collection is a scarce item; and last, but not least, the trust that all area collectors put in me for answers to their coin collecting problems."

Recently, Neuce was honored by the Central School Cub Scouts of America when they presented him with a "handmade" cigarette holder desk-set; and also he was

Happy Collector Helped

This lad, Steve White, 15, of Terra Alta, W. Va., is shown with a display of daily coin columns written by Ed Neuce, Morgantown Dominion-News. Steve wanted to organize a club near his home, and wrote to Neuce asking for advice. Neuce answered the letter and then visited Terra Alta during National Coin Week and personally supervised the formation. He signed 17 members and the club to American Numismatic Association membership. Terra Alta is located in Preston County, W. Va.

honored with an "honorary" membership in the West Augusta Coin Club of Terra Alta. And, oh, yes, Ed's Coiner told Coin World to tell all you West

Virginians to drop him a line on your coin questions.

The address is Ed's Coiner, The Dominion-News, Morgantown, West Virginia.

Jaycees To Sponsor Coins At May Show

Competitive exhibits for amateur coin collectors will be a feature of the LaSalle-Peru, Ill., Jaycees' Sports and Hobby Show, scheduled for Saturday and Sunday, May 20 and 21, at Skater's Junction on Highway 6 at Peru. Coins will be emphasized the second day.

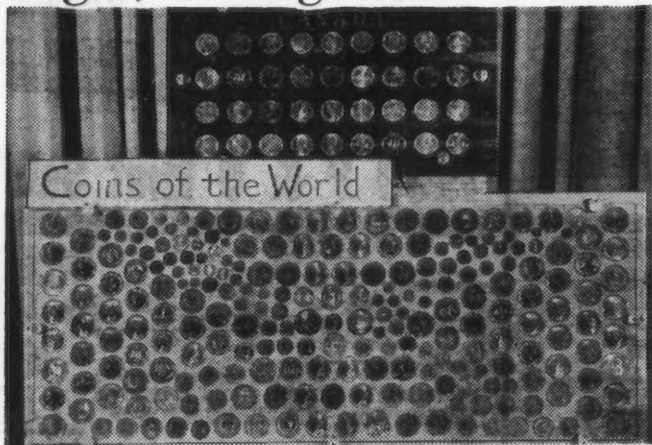

No charges will be made for exhibitors, and every amateur entry will be judged, either in a specialized field or in a general classification. Commercial exhibits and dealer displays will be separated from the amateur competition.

Although announcements have been made to coin dealers regarding bourse space, for the two-day session, special rates have been added for one day only, at \$1 per foot, with a minimum of eight feet of space. More space is available.

Hours for the Show have been announced as 2 p.m. to 10 p.m. on Saturday, May 20, and 2 p.m. to 9 p.m., on Sunday. Saturday morning is given over to dealers and collectors for setting up tables and exhibits. The auction is slated for 3 p.m. Sunday, with commissions going to the Jaycees for Show expenses.

Any further information desired may be obtained by contacting general chairman Dan L. Dunlap, Box 101, LaSalle, Ill.

Right, Wrong Coin Care...

F. W. Mees, Mott, N. D., contrasts how and how not to collect coins. The top photo shows his collection of coins of the world and Canadian silver dollars; the lower photo illustrates what happened to a quantity of coins left in a shoe box in a home destroyed by fire. The owner did not think of insurance for his coins until it was too late...

Kansans To Meet

Thursday, May 18, has been set for the next meeting of the Emporia, Kansas, Coin Club, to be held in the Emporia Community Center, starting at 7:30 p.m. An auction was featured at the last session of the club.

NCW Reports To Be Heard

Reports on National Coin Week observance are expected to be featured at the next meeting of the Mount Vernon, Ohio, Numismatic Society, scheduled for Tuesday, May 23, at the Mount Vernon public library, starting at 7:30 p.m.

Club members who displayed during the week included Willard A. Morain, Don Shrontz, Ed Swingle, and Robert Salisbury.

The last meeting of the Mount Vernon group took the form of the club's annual dinner meeting for members and their families, held at the First Christian Church.

Sheboygan Changes

The Sheboygan, Wisc., Coin Club has changed its meeting dates from the last Tuesday in the month to every other Tuesday, with the next session scheduled for Tuesday, May 23, to be held in the downstairs meeting room of the Grand Hotel, starting at 7:30 p.m. Interested collectors are invited to attend.

Valley Of The Sun Club Organized

Officers and directors and two junior charter members of the recently organized Valley of the Sun Coin Club of Mesa, Ariz., are shown here at one of the first meetings. Left to right, seated: Ralph Walker, vice president; John White, pres-

ident; Casey Ray, secretary, and Harry Baker, treasurer. Standing, Mrs. John White, refreshments chairman; Larry B. Marton, director; Don Carson, director; and Dilworth Brinton, director. The juniors are Kenneth and Kraig Marton.

Mothers To Be Honored

A special Mother's Day program was scheduled for the May 14 meeting of the Southern Hub Coin Club of Inglewood, Calif., which was to feature Mrs. Pauline Ney as the main speaker.

The youngest and oldest mothers present were to receive special honors at the session, the second to be held in the club's new home at 325 North Hillcrest Boulevard in Inglewood.

Mrs. Ney was to talk on the subject of medals, tokens and souvenir money, illustrating with displays from her own collection.

Also slated for discussion were plans for the club's fourth anniversary Summer Holiday Coin Carnival, set for Sunday afternoon, July 9.

Texans Organize

Coin collectors of Jacksonville, Texas, have organized the Jacksonville Coin Club and chosen Eugene L. Aubuchon as president. James Pruitt was elected vice president, and Mrs. Aubuchon, secretary-treasurer.

The Valley of the Sun Coin Club of Mesa, Ariz., has scheduled an experimental trading session using a "town crier" technique at its next meeting, slated for Tuesday, May 23, in the Mesa public library, starting at 7 p.m.

Instead of the usual "hit or miss" method of trading where a collector with coins to trade tries to find another who wants them and has duplicates of his own, the club will announce the name and location in the meeting place of the would-be traders.

Members will provide a written statement of the types of coins they wish to trade, and those

they would like to receive. Then an officer will read off the lists, at the same time pointing out the location of each trader. At the conclusion of the reading, the members will be able to go where they like and start trading.

Purpose of this program is both to help members become better acquainted and to provide those with similar interests a chance to get together.

Texas Club Meets May 19

The Brazosport Coin Club of Lake Jackson, Brazoria County, Texas, has slated its next regular meeting for Friday, May 19, to be held in the Lake Jackson State Bank annex, starting at 7:30 p.m., according to secretary Lila Phipps, Freeport.

The Brazosport Coin club holds two monthly sessions, a business meeting on the first Thursday, and a regular meeting on the third Friday.

Nation Conscious Of NCW Thanks To Club Enterprise

The Camden, Ark., Coin Club observed National Coin Week with a proclamation by Mayor Ray Earham, and a special "open house" meeting on April 23 at the Camden Hotel, with displays.

The Vallejo, Calif., Coin Club had a special display for National Coin Week at the Crocker-Anglo bank in Vallejo. It consisted of approximately 100 pieces dating from ancient Greek and Roman coins through U. S. colonials to moderns. It was owned by Jack Graham, club president.

Windows of the Pomona, Calif., First Federal Savings and Loan Association displayed a collection of rare coins during National Coin Week, the property of LeRoy Myers of the Pomona Valley Coin Club. The window also contained a poster advertising the Pomona Club's "Coin-O-Rama" scheduled for June 4 at the Los Angeles County Fair Grounds.

The Eagle Coin Club of Lexington, N. C., observed National Coin Week with a special display in the show window of Pickett and Green on South Main Street in Lexington. This carried out the theme of "Coins of Yesteryear" by starting with pieces from the 200-300 A.D. period, and included Confederate currency and a set of large cents.

The El Dorado, Ark., Coin Club observed National Coin Week in a manner slightly different from the average. It invited speakers from other clubs to come to a meeting and discuss their own groups. T. P. Hatfield, Homer, La., reported on the Shreveport, La., club, and Burl Ball described the Magnolia Coin Club.

Members of the Eugene, Ore., Coin Club placed a display of old coins in the First National Bank of Oregon's main branch, in recognition of National Coin Week.

Dr. H. J. Helton of Independence, Mo., had an individual display of American type coins at the First National Bank of Independence. Included were Washington pieces, Fugio cent, gold types, and commemorative medals, in keeping with the theme of "Coins of Yesteryear" of National Coin Week.

Paul Steiner of Longmont, Colo., made an individual observance of National Coin Week by displaying in his jewelry store his private collection of old and rare coins, containing all denominations of U.S. mintage, as well as foreign pieces and paper money.

The Firelands Coin Club of Norwalk, Ohio, held an all-day Open House display of coins at the Norwalk Home Savings and Loan Association, in recognition of National Coin Week.

Mrs. Patricia Kiraly of Carteret, N. J., a member of the Middlesex County Coin Club and a collector for more than 30 years, observed National Coin Week with a display at the Carteret Bank and Trust Company. Her exhibit included coins dating back to the early 19th century and contained every type of U.S. mintage.

Demarest Schmitt, Gladstone, Ore., and John Bosch, Oak Grove, Ore., teamed up to recognize National Coin Week with a display in the First National Bank of Oregon City. Among their rarities was an 1849 Oregon Beaver gold coin, and the exhibit also included coins from 1794 to the present.

Paul Whisnant of Lincolnton, N. C., observed National Coin Week with a display of coins and paper money in the First Union National Bank of Lenoir, N. C., and was present during part of the period to answer questions. Among the paper money examples were some bills signed by Lenoir people.

The Warren, Ohio, Coin Club celebrated National Coin Week with a display in the main building and branches of Warren's Second National Bank, much of which was Confederate era paper money. Chairman of the club's observance was Harold H. Berk.

The Ridge Coin Club of Sebring, Fla., placed a coin and paper

money display in the Lake Wales Bank and Trust Company, in recognition of National Coin Week. Emphasis was on Confederate period paper money, which was of special interest as Polk County was celebrating its own 100th anniversary.

The New Hampshire Collectors' Club of Concord observed National Coin Week with an exhibit in the Merrimack County Savings bank, featuring coins and paper money from Chinese knife money to a 1960-D cent on which Lincoln almost left the planchet. A complete set of New Hampshire colonial notes was also included.

Fair To Very Fine Half Dollar Photo Sparks More Interest, Research

By James G. Johnson

The 1828 half dollar pictured recently in this column seems to have stirred up some readers. Some half dozen or so have written in either that they have the same thing in that date, or have it in another date. Sorting out the situation will

take a little time and research, inasmuch as what was common in one date was uncommon in another, and vice versa. A square base "2" with knob could be scarce in 1828 but not in 1829, and so on. I can't make any other comments until I have some correspondence with our half dollar authority, which I am not although I have a batch of them set aside for study when I have time.

Several readers have written in asking how to tell an altered date coin, and suggesting that Coin World print a story about that subject. It is something we are working on, but I can give a little of it here.

Altered 1916-D's are sometimes made from a 1916-S, by removing the top part of the "S" and adding a vertical line to what is left, making a short wide "D". A very strong magnifier is best to spot this, as well as many other alterations.

Fake 1931-S cents have been made from 1930 and 1936 coins. On a genuine 1931-S, the "3" is larger than the "1"; on the altered variety, the "3" is squatty and almost square, and looks to be the same height as the "1". 1856 Flying Eagle cents have been made from 1858's, fairly easily, if the large letter variety with joined AM is used, since the 1856 has the joined letters. Watch for these points.

The "6" in the date is thinner in the genuine than in the 1858. The figure "5" slants slightly to the right on the 1856 and the vertical bar points to the center of the ball just beneath. On the 1858, the bar points outside the ball.

On the 1856, the "o" in OF is almost square on the inside, but is rounded on the 1858. Also on the AM, the joint on the 1856 has a slight angle, while it is a smooth curve on the 1858.

One thing to watch for on altered 1914-D cents is an extra width between the 19 and the 14. This would be made from a 1944, since it is difficult to move what is left of the "4". Of course the obvious factor for that coin is the VDB on the shoulder which does not exist on the 1914-D but does on the 1944. It can be removed, however.

Any valuable coin should be examined closely with a strong magnifier for evidence of tampering, file marks, and so on. Better yet, when buying one, get a written guarantee from the seller. There will be more on this subject in the future.

Frederick Spira of Brooklyn has written a pertinent question. He wants to know if anybody can get uncirculated coins in rolls or bags from either Mint.

The answer is "No". The only place an individual, be he dealer or collector, can get such items is from a bank. But anybody can get them from a bank, from most banks, that is.

I have moved around the country some, and have always had in my mind that I would like to get a bag of BU cents to look through. It just happens that I never could spare enough money at one time to get them. I did go so far as to ask the head cashier at banks in different cities where

I was and had checking accounts, if he would order from the district Federal Reserve bank a bag for me, if I paid the extra charges that the bank has to pay.

In every case, the cashier said he would be glad to order one for me. I would have to pay the shipping charge which would not be much if my bag was ordered at the same time the bank ordered its own. No cashier ever said he would not put in such an order.

Some banks order bags of rolls to save time since otherwise they have to roll their own. There is an extra charge by the Federal Reserve bank for sending rolls instead of loose coin. If I ordered a bag, I would not have wanted rolls, since if there were any real oddities like off-centered coins they would have been caught in the rolling process by the rolling machine. So the bag of loose coin would have cost me less.

I understand by reading the papers that some Federal Reserve banks are now rationing new coins to their member banks. That may affect the situation at present. All I know is that whenever I have asked a bank cashier where I did business if he would order a bag for me, if I paid the shipping charge, he has said he would be glad to do it.

Another subject about which I have received letters is our "Coin Test". It has been well received, but some readers have asked why we don't print the answers next to the questions.

One reader wants us to put next to the answers the page on which the questions are, as he usually forgets by the time he has come to them, and wants to refer back.

On that one, it is not practical since until the paper is "made up", we don't know what page either one will be on. We do put on page one in the "index", the page the questions are on, and that reader can jump back to that if he wants to. It is the best we can do, at present.

As for putting the answers next to the questions, I wouldn't like to do that. It would be too easy to look at them. When I write the Coin Test, I want the reader to think a bit. Of course a major purpose of the Coin Test is to check readers' knowledge of the Red Book, and so the great majority of questions are taken from it.

As Q. David Bowers pointed out recently, too many people read only the two per cent of its pages that refer to the recent coinage, and numismatics has much more to it than that.

I would like to close this week's column by quoting from something he recently wrote in the Triple Cities (Johnson City, N. Y.) Coin Club News Bulletin.

"Someone once suggested that a coin collector should spend one dollar in numismatic reference books for every ten dollars spent on rare coins. In these times in which coins not even a year old are considered rare and many collectors' cabinets hold coins all dated since 1935 this advice is all but forgotten.

"The average collector's library consists of one volume, the current edition of the Guidebook. Enjoyment in numismatics seems to be derived solely from spending money on coins; not learning about them.

"The Guidebook contains 355 pages. Scarcely two per cent of these pages are concerned with coins of the 1940's, 1950's and 1960. It is surprising how many collectors have not read the other 98 per cent. One of the first steps in acquiring numismatic knowledge is to read the Guidebook from front to back.

"Did you know that: Charles II of England denounced the early

colonial Massachusetts silver coins as being illegal? Certain American colonial coins bear Irish legends and were never intended for America? A Continental Army uniform button inspired the design of one of our colonial coins? 1804 large cents crudely reworked at the U. S. Mint around 1860? 1856 Flying eagle cents were originally intended as patterns?

"The only regular issue U. S. coin not containing copper as an alloy is the 1943 steel cent? Trade dollars were repudiated by the U. S. government and are not redeemable at their face value?

"The answer to these questions and hundreds more are found by reading the Guidebook. You will be surprised how many interesting things you will learn. Perhaps you will develop a new collecting interest. Many colonial coins, half cents and large cents are cheaper than modern rolls and proof sets.....and infinitely more interesting."

New Indiana Club Formed

The newly organized Chain O'Lakes Coin Club of Albion, Ind., scheduled its first regular meeting for Tuesday evening, May 16, at the American Legion hall at Albion, with any interested collectors from that area invited to attend.

At the organizational session, held at the home of Glen C. Black of Albion, the host was chosen president. Other officers include:

Donald Barkus, Albion, vice president; Arthur Fasnaugh, Kimmell, second vice president; Jerry Polakovic, Kendallville, treasurer; Joe Fulford, Albion, secretary, and Wier W. Anderson, Avilla, membership chairman.

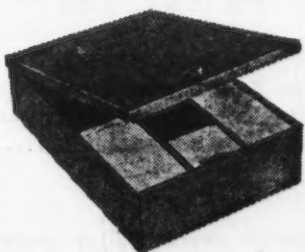

Area towns represented in the membership at present include Garrett, Albion, Avilla, Kendallville and Kimmell.

FOLKS

For over a month now I have been advertising sets of BU Lincoln Cents, 1934-1960-PDS. The demand has been so great, that I have already sold out 3 roll sets in addition to the original holding.

In addition, there have been so many inquiries about sets of nickels, dimes, and halves, that I have purchased a roll set of each. This means that I have on hand 40 sets of BU Jefferson 5c, 50 sets of BU Roosevelt dimes, and 20 sets of BU Franklin halves. I hope to sell every one of the above sets the first week of my ad, and if necessary keep on buying and splitting roll sets until everyone is supplied. In the next 15 minutes, I am going to look through the papers, and the prices appearing below will be absolutely the lowest anywhere. This will give each of you the opportunity to own a complete BU set of coins at roll prices. Here goes:

BU LINCOLN CENTS

1934-1961-PDS complete, no small dates

\$27.95

1935-1961-PDS complete, no small dates

\$23.75

1960-P,D small date cents, BU \$2.95 extra

NOTE: In assembling these sets, I select the best BU rolls I can obtain, then cull them about 5% to remove spotted or badly discolored coins. I may miss one occasionally, but not very often.

BU JEFFERSON SETS

1938-1960-PDS complete

\$84.50

This is a coin which has got to rise again. Over three quarters of all ads I read asked \$90.00 to \$109.50. Rolls of 1939-D-S and 1942-D BU are practically non-existent.

NOTE: I will hand-pick five sets from my roll set. These sets will be the very best of the lot. Sharpness of strike and clarity of field will be prime considerations. If you want one of these sets, send \$94.50 and attach a note.

BU ROOSEVELT SETS

1946-1960-PDS complete

\$32.35

This is a tremendous buy. Did you know that Red Book for this set is \$59.55? This makes my price very close to wholesale roll price. In addition, you get a COMPLETE set of coins from the very first year at a price close to your pocketbook. Just compare this with buying a BU set of Mercury dimes in about 1930 for \$32.50. After 15 years, you get about the same number of BU coins.

BU FRANKLIN HALVES

1948-1960-PDS complete

\$49.25

With only 20 sets on hand, I don't have to push these very hard at THIS price. However, I am going to select choice sets from these rolls, and offer them as the best I have, at \$57.50 each. The same argument applies as above; a complete set, at a reasonable price, with plenty of room left for appreciation.

NOTICE!

Those of you who are type collectors or half and dollar collectors should be sure to look me up at the Indiana State Convention on the following. I have just bought a choice collection of early heavy silver including:

\$1.00 1795-1, 3 pc. F to EF
\$1.00 1795-II, 2 pc. EF to AU
\$1.00 1796, VF
\$1.00 1797, AU with full golden mint luster. A truly magnificent specimen and extremely rare.
\$1.00 1798-1803, 15 pc. F to AU
\$1.00 Liberty seated, 19 pieces, F to gem proof
50c 1803-1807, 6 pieces F-EF
50c 1807-1839-O, a complete date set including many BU type coins and many duplicates.

All of these coins will be with me at the Indiana Convention, and I should be glad to price any of them to you.

About 25c per set postage and insurance will be appreciated. These sets can probably be air-mailed for no more than 70c each if you wish, (less on dimes).

A Second Farouk Emerges In World Of Numismatics

By Hans M. F. Schulman

When King Farouk abdicated from the Egyptian throne in 1952 after a 14-year reign during which he assembled one of the most important coin collections ever assembled in the world, the numismatists of the world wondered who the next "Farouk", numismatically speaking, of course. By the expression, "Farouk", we understand a collector who collects

Hon. Alejandro Pietri with Art Specialist H. Goldschneider.

everything and does not specialize in one series. Well, one of Coin World's overseas friends writes us that he has found a second Farouk in the person of famous petroleum-lawyer, Alejandro Pietri, who ranks not only second to Farouk as far as his coin collection is concerned, but also is one of the most illustrious collectors in the field of classic paintings, gothic and baroque art, porcelain and Etruscan gold.

A book published about his painting collection, full of colored plates and black and white photographs, is like a visit to the Louvre Museum. Pietri is surrounded by Michelangelo, Leonardo da Vinci—sculptures from the Renaissance period—and all this in a dream-house of an atmosphere like in an art museum.

Pietri enjoys every minute of his life around his favorite objects, and when he studies a painting of Michelangelo, he feels like the artist who painted. . . . he enters into the soul of the subject

and floats away on a beam of happiness.

This is what he has struggled for all his life; this is what he worked for and built the petroleum company up to a giant; this he hoped to have around him, now that he has the time to study all these magnificent works of art.

Many a day he visits his friend, Lajos or Luis, as he calls him, to see the new acquisitions which Luis just got from New York, Paris, Toronto, or London. Hours they talk about the objects and almost always Pietri returns with one of Lajos' new acquisitions.

This is understandable because Lajos knows Pietri's fine and exquisite taste. He is like Farouk in many other ways—not that he is also a bit heavy, because he is far less heavy than Farouk, but he also had an Italian curator for many years of whom he is fond.

He also is like Farouk that he personally handles every object (Continued on Page 29)

Soviet Numismatist Vacations

Hans Schulman reports one of his Russian numismatist-friends has just succeeded in obtaining his 6008th coin in his collection, which, incidentally, includes a set of U.S. commemoratives. Schulman reports his friend trades heavily with other collectors and has all the books in his possession, Friedberg, Severin, Yeoman, Davenport's many volumes and the Coin Collectors' Almanac. The Russian numismatist writes life is gay, although he works very hard. Here in this picture he is shown with his wife and child during a Black Sea resort vacation last year.

some of the unpublished platinum pieces of which only Farouk had a specimen.

One of the rarest Greek coins I saw in one of the glass vitrines was a stater of Seleucus II of Syria, one of the rarest Greek gold coins in superb condition and also a real double daric of Darius III of Persia.

Coins of the great liberators of

the Spanish occupation are his hobby like Bolivar and others. His collection of coins with the bust of Bolivar includes the greatest rarities and Pietri is rightly proud of this. Some of the Etruscan gold jewelry originated from the collection of Sultan Abdul Hamid II of Turkey. Of course, Pietri has always pedigreed specimens, Farouk, Abdul Hamid and so many others.

All his life he was an active and successful man and he can now look back on a good and useful life. He did much for many people and many owe their success to his help. He is admired all over the world and we wish him a long and healthy life....

Popular Mexican Coin

One of the most popular coins in the 400 years of Mexican coinage history is the 60 peso gold piece, known as the Oaxaca issue.

Los Angeles Man Finds Novel Shinplaster

A counterpart to the Jackson cents or "hard time" tokens has been discovered by Joseph F. McGee, Los Angeles, in the form of a shinplaster caricature of President Jackson's war on the

United States and its consequences in 1837. Collector McGee shares the "bill" for both currency and political Americana collectors.

Grover Criswell Stumps 'Truth' Television Panel

Grover Criswell, St. Petersburg Beach, Fla., numismatist-dealer appeared recently on the national television program, "To Tell the Truth."

Criswell, authority on Confed-

erate Currency, and two other participants were all three introduced as Grover C. Criswell, mayor of St. Petersburg Beach, Fla., world's richest man in Confederate money.

The panel consisted of Don Ameche, Pat Carroll, Tom Poston and Betty White with the moderator, Bud Collier.

They asked questions to find out who was the real Grover Criswell. The panelists who lost each forfeited the sum of \$250, to be divided among the three participants. Tom Poston was the only one who named the true Grover Criswell.

The two who participated with Criswell were William Boyd, director of Domestic Aviation Sales for Cities Service Oil Co., and James Fletcher, vice president of the Midnight Sun Broadcasting Co. of Alaska. So well briefed were the two impersonators by Criswell, having read his brochures and pamphlets and conversed with him for four and a half hours prior to the show, that they all gave correct answers to the questions asked.

The three other panelists (other than Tom Poston) gave as their choice Mr. Fletcher and needless to say some three or four thousand people in the audience reacted when the real Grover Criswell stood up.

Upon Criswell's return to Florida, he started receiving telephone calls and tremendous amount of mail, similar to that received after his appearance on the television show "What's My Line". It is expected that the busy young mayor of St. Petersburg Beach, recently mentioned as runner-up in the All American City's contest in 1960, the first year of Criswell's administration, will be kept quite active replying to the avalanche of mail.

Curious Boy Brings Lost Bills To Light

It took a 13-year-old boy, and 50 years, to find some lost money, and Mrs. W. C. Thacker of Peoples Valley, Ga., is glad she invited her grandson to visit her.

Back in 1909, J. P. Worley, Pine Log, Ga., kept his money under a mattress. One day he couldn't find it, and thought it was lost or stolen.

After Worley died, his wife put his wallet in a trunk. After her death, their son, J. L. Worley of Cartersville, Ga., kept the trunk for 18 years, then gave it to his sister, Mrs. Thacker.

Not long ago, Mrs. Thacker's grandson, Jerry, 13, of Smyrna, Ga., came for a visit. He found the trunk in a feed house and examined it. In it was the billfold, and in a secret pocket of the billfold was \$110 in large size notes, \$20 and \$5 denominations, still in excellent condition.

Ohio Show To Be June 2-4

The Columbus, Ohio coin show will be a three-day affair instead of two days, June 2, 3 and 4, according to a decision by officers in the Columbus Numismatic Society, April 21.

The announcement came from Duane T. Lockwood, general chairman, who said there would be no increase in bourse fees for dealers even though they are getting an extra day.

The convention will take place

in the Grand Ballroom of the Neil House, Columbus, which became available Friday, June 2, after the cancellation of another function.

Display area is also being increased, said Lockwood. Display chairman is George Andrews, a past American Numismatic Association vice president, and an expert on coin displays. Andrews has had charge of coin displays at Columbus conventions since 1935.

Dealers interested in taking advantage of the three-day convention at the two-day price should contact the general chairman. His address is:

Duane T. Lockwood, 2815 Indianola, Columbus 2, Ohio.

Talk, Display On Gold Coins Scheduled

Gen. M. S. Newton, Brattleboro, Vt., was scheduled to talk on gold coins and display some of his collection, at the May 14 meeting of the Cheshire County Numismatic Society of Keene, N. H., to be held in the Health office at the Keene City Hall.

At the last meeting of the society, Mrs. Bertha Bressett of Racine, Wisc., a former resident of Keene, was elected to a life membership in the organization. She is the wife of Kenneth Bressett, now on the staff of the Whitman Publishing Company.

Bourse Tables All Sold Out

All bourse tables have been sold for the Mid-Hudson Numismatic Club's Coin Show and Jamboree, to be held in Kingston, N. Y., on Sunday, June 18, according to a report from club president Earle D. Sherwood of Hurley, N. Y.

The show, set for the Stuyvesant - Kingston Hotel, Fair and John Streets, will feature exhibits and an auction, as well as the bourse. Prizes will be awarded for the best coin displays.

Bernie Ritchie is general chairman for the affair, and David Nethaway of Howe's Cave will conduct the auction. There will also be a continuous "Black Board Auction" throughout the day, according to Sherwood.

Hobby Turned Into Business

Two coin collectors in Beckley, W. Va., have decided to make a business out of their hobby, and Bob McCollam and Bill Elkin have opened "Bob and Bill's Coin Shop" in the Pagoda Shopping Center, Harper Road and Sunrise Avenue, in Beckley.

The shop will deal in U.S. money only, as well as numismatic supplies.

Elkins is vice president of Elkin Distributors, Inc., distributors for Tom's Toasted Peanuts, while McCollam is assistant manager of the Pagoda.

Montana Clubs Meet Together

Two Montana coin clubs, the Last Chance of Helena and the Copper City of Butte, held a joint informal session recently at the Diamond S Ranchotel near Boulder, Mont.

On the program were exhibits, informal discussion on various phases of coin collecting, and a 40-lot auction.

The meeting was so successful that a committee was appointed to plan for another in the future, by the two club presidents, S. B. Mac Duffie of the Last Chance Coin Club, and Fred Mesenko, of the Copper City Coin Collectors Club.

Members of the clubs present represented Helena, Butte, Basin, Anaconda, Deer Lodge, Whitehall and Boulder.

Clevelanders Plan Banquet

Cleveland's Western Reserve Numismatic Club is making plans for its annual fall banquet, according to Lamont Kier, president of the 40-year-old group which recently held its 483rd consecutive meeting.

The club meets the second Wednesday of each month in the Women's Federal bank building in downtown Cleveland. For years it has maintained numismatic displays in the bank's show window.

Judge Joseph F. Sawicki, one of the club's longtime members, is preparing to hold an exhibit entitled "Medals of the United States and the World." U.S. Medals he will show will include pieces portraying such figures as Columbus, Napoleon, Washington and Lincoln.

Officers of the club are Kier, president; Joe Lukas, first vice president; Fred Rosenthal, second vice president, and Fred Halen, secretary.

WRNC has approximately 75 active members.

Club secretaries have been known to triumph over obstacles in the course of club affairs, and H. "Ernie" Ryan, secretary of the Cheyenne, Wyo., Coin Club and secretary-treasurer of the Colorado-Wyoming Numismatic Society, has acquired the habit of not letting any obstacles bother him, including such as the one pictured.

Californians Join A.N.A.

Members of the Los Alamos Valley, Calif., Coin Club voted to affiliate with the American Numismatic Association, at their last meeting held at the Men's Club in Los Alamos.

At the same time, member Frank Armstrong donated a club membership in the Numismatic Association of Southern California. Five new members were accepted into the club. They include:

Mr. and Mrs. A. B. Miner, Arroyo Grande; G. W. Winscott and Bob Bunkelman, Orcutt, and Joel B. Honey, Santa Barbara.

Club president Everett Fitzgerald named member Frank Luis chairman of a one-day coin show and barbecue to be held at a future date not decided.

Second Issue For Commemorative Coins

The Greenville, S.C., County Confederate Centennial Commission has issued centennial commemorative coins. They were placed on sale at Carpenter Brothers drug store in Greenville, according to Commission chairman John S. Taylor. After the first order sold out, a second was issued.

Exonumist Executive Will Be Speaker

Ralph (Curley) Mitchell, one of the West Coast's leading exonumists, examines an old cross used as wife-buying money in the Congo. In the frame behind him is a pointed implement used by Mongols in 1000 B.C. as legal tender. An elephant tail and a piece of stone money, both used as currency, are shown on the table.

Ralph A. (Curley) Mitchell, widely-known West Coast authority on depression scrip, embossed store cards, countermarked coins, odd and curious media of exchange and many other unusual numismatic items, will be the

featured speaker at the Southern California Exonumist Society meeting May 21 at Long Beach, Calif. Curley, as he is known to his friends, has spent the last 43 years chasing down the history of

out-of-the-way moneys of the world.

A prominent oil company executive, Mitchell's travels over the western half of the United States have put him in contact with many other collectors. Tradition has it that "when Curley leaves a town, he leaves behind at least one new friend."

Mitchell is vice-president and one of the founders of the Exonumist group, first of its kind formed in the United States.

"Yesterday's Junk — Today's Rarity" is the subject of his talk. President Paul Hamm of SCES extends a cordial invitation to non-members to come to the Moose Lodge, 1200 Atlantic Avenue, Long Beach, at 1 p.m. to hear this address.

After the business meeting there will be refreshments, followed by an outstanding auction of exonumist items. Russ Rualu will conduct the auction.

Carolina Club Holds Display

The Cape Fear, N. C., Coin Club, of Fayetteville, displayed a collection at the Scottish Bank. Here Mrs. D. C. McEachern points out one of the interesting coins to Louis Spelman and Claude W. Rankin.

Wampum Rates

In Massachusetts wampum was legal tender up to the value of 40 shillings at the rate of four pieces of black or eight pieces of white to a penny.

Peoria Club Is To Host State Meet

When the Peoria, Ill., District Coin Club is host next September 23-24 to the State Convention of the Illinois Numismatic Association, it will have the honor of being only the second club to entertain the state group.

Last October's convention, held in Rockford, and attended by nearly 2,000 visitors, was the first in the history of the Association and was held in that location because the Rockford Area Coin Club had played a prominent part in its formation.

Officers of the Illinois State organization, include Glenn E. Murphy, Mason City, president; Walter Loud, Springfield, vice president; Dick Hoffarth, Bloomington, secretary, Bob Okrell, Bloomington, treasurer, and Robert J. Bullock, Peoria, publicity director.

Bullock is also president of the host Peoria club, whose other officers include Joe O'Donnell, vice president; Mrs. John Schmidt, treasurer, and Mrs. Neva Brenner, secretary.

Named as bourse chairman for the State Convention is Charles Amery, Lee Hotel, 225 East State Street, Peoria.

Tacoma Had Mint

Tacoma, Wash., once had its own "mint." Blacksmiths fashioned pieces of money from scraps of iron and brass to be used as coinage for trade and pay with the Indians and earlier settlers.

COIN WORLD CELEBRATES THE CIVIL WAR CENTENNIAL WITH A COMMEMORATIVE MEDAL

Available Only
From Coin World!

(One of a series)

The firing on Fort Sumter one hundred years ago marked the beginning of the War between the States. As we begin the five year centennial of this historic event, Coin World joins in commemorating this event by preserving in metal the heads of state for both the North and the South: Abraham Lincoln and Jefferson Davis.

Bronze medals have been struck bearing the portraits of these two leaders. Above the three-quarter view of Lincoln and Davis appear the words: 1861 - CENTENNIAL - 1961, below, the words: WAR BETWEEN THE STATES.

On the reverse of this medal is a symbol familiar to more than 58,000 collectors — the revolving globe of the world,

First Head Honored At Anniversary

When the Toronto, Ontario, Coin Club held its Silver Anniversary dinner recently, one of the honored guests was G. N. Robillard, the first president of the club when it was founded in 1936.

Robillard spoke briefly to the more than 110 members and guests in attendance, and commented on the growth of the organization.

Also present were G. R. L. Potter and Vincent G. Greene, past presidents of the Canadian Numismatic Association, and Fred Bowman, its current vice president. Representatives of 17 other numismatic organizations also attended.

To each registrant was given an aluminum medal commemorating the occasion, with similar medals in silver and bronze available from the club.

Featured were a bourse and exhibits, with Gaston di Bello of Buffalo receiving the Grand Award for a gold display. The Bank of Nova Scotia had a bourse

Appalachian Date Advanced

The fall convention of the Appalachian Confederation of Coin Clubs announced for September 15 and 16, has had a change of date to September 8 and 9, but will still be held in the Farragut Hotel in Knoxville, according to a report from the host Smoky Mountain Coin Club.

This change was made to avoid conflicting activities in Knoxville, secretary Rosemary Jury announced.

In case the new date forces any dealer to cancel bourse reservations, other dealers should request space from bourse chairman Max Dawson, 132 Indian Hill Drive, Greenville, Tenn., at a charge of \$1. per table.

Pontiac Club Names Last Year's Officers

Camden Club Makes Display

A high view of Matt Rothert and his rare coin display at Hotel Camden, Camden, Ark., was taken during National Coin Week. His was one of several on exhibition in Camden. Rothert is one of the founders of the Camden Coin Club.

Pow Wow Plans To Be Topic

The Columbia Basin Coin Club of Richland, Wash., has slated its next meeting for Tuesday, May 23, to be held in the Community House, 650 George Washington Way, Richland, according to a report from secretary Paul N. Beardsley.

With the National Coin Week observance out of the way, discussion is expected to center around preliminary planning for the club's second annual "Atomic Coin Pow Wow", scheduled for next October 21 and 22. Arthur E. Guay has been named gen-

eral chairman for the affair.

At the last session of the club, Mrs. Anna Snyder, club coordinator for National Coin Week, reported on members' displays in the Richland banks, theatres and schools. She was assisted by Danny Hooper, Chuck Smith, Bill Stainken and Tom Clement.

Founded in 1954, the Columbia Basin Coin Club has grown to 62 members. In addition to secretary Beardsley, its officers include Richard W. Shannon, president; Danny Hooper, vice president, and Roger Brunelle, treasurer.

Bankers Check Coin Exhibit

Ralph F. Suiker, left, assistant cashier, and Don R. Wagner, vice president, admire the rare coins on display in the lobby of the New Philadelphia, Ohio, Citizens National Bank during National Coin Week. The exhibit was from the collection of Forrest Krebs, president of the Tuscarawas County Coin Club.

A.N.A. Official Speaker For Glass Center Coin Club

Six tips on coin collecting were discussed by C. C. Shroyer of Fremont, Ohio, at the May business meeting of the Glass Center Coin Club of Toledo, Ohio.

Shroyer, first vice president of the American Numismatic Association, told the group:

1—If you must buy, get the highest priced coin in a series first since, if it is left until the last, it will cost considerably more.

2—Try to acquire the best possible grade since top grades usually gain the most in value.

3—Buy fewer but better grade coins.

4—Stick to one series so as to know the coins better, and do not lose interest when a series is completed.

5—Use reference books at the club library to learn everything possible about a particular series.

6—Invest in reference books so that they are at hand when needed.

Club president Robert Browne presented Shroyer with the group's first honorary membership. In attendance were 35 members and 20 guests.

The Glass Center club scheduled a social "swap session" for Wednesday, May 17, to be held at the V.F.W. Post, 1901 Tremainsville Road. Nickels and dimes were to be featured.

Club Gains Members After Hobby Exhibit

The Turner Coin and Stamp Club of Fitchburg, Mass., observed National Coin Week with a large exhibit of coins at the hobby show sponsored in Leominster, Mass., by the Leominster Hobby crafters.

As a result of the exhibit and of passing out sample copies of the Coin World newspaper, the Turner club gained quite a few members, according to a report from Mrs. A. Heeley, secretary-treasurer.

Calgary Coin Round-Up To Be Held On May 21

The fifth Western Coin Round-Up, sponsored by the Calgary, Alberta, Coin Association on May 21, at the I.O.O.F. Hall, 1435 9th Avenue, has taken on a western flavor, even and especially including the official announcement. It starts off:

"Branding (registration) starts at 9 a.m. Chuck at 6:30 p.m.

"Howdy, Pardner! Load up the wagon (Ranch, that is) and Sashay down old Calgary way and enjoy a full day of numismatics and fun. Displays will be judged by three old cowpokes from out of town.

"Bourse tables at \$3, get rid of your mavericks and pick up a few doggies for yourself.

"Evening chuck will be served at 6:30 (probably good Alberta cow). Guest speaker Starr Gilmore of Spokane, Wash., will do his gabbing after chuck. The speaker sits tall in the saddle and should have something interesting to drawl at you-all.

"Auction, open to everyone. Give your mater' to the auctioneer at branding time for display all day. Due to corral space, a limit of two lots per cowpoke. Auction after chuck.

"Public dudes will be wrangled to see displays from 1 to 3 p.m. A sheriff will guard for strays.

"Branding fee, \$3.50 for ranch-owner, and \$2.50 for each of his family."

Gilmore is a member of the Inland Empire Coin Club of Spokane, and last year held office as its corresponding secretary. He has written articles for numismatic publications, and is the author of a study of Canadian silver dollars expected to be published shortly, according to Mrs. Helene Economou, club official.

Reservations and hotel requests should be mailed to L. B. Hall, treasurer, 33 Cadogan Road, Calgary, Alberta.

TELL ADVERTISERS YOU SAW IT IN "COIN WORLD!"

Cent Find

John W. Montgomery, 700 Ashland Ave., Shelbyville, Ky., found either a double or triple struck 1943 copper cent in circulation. Several reputable dealers and collectors have had divergent opinions as to its genuineness—the coin does not react to magnets and the color is good. Some say it does not have proper upset, but Montgomery feels the multiple strike would account for that. He would like to correspond with anyone who could be of help in further establishing the status of the cent.

Wilmington Club Signs 96 Members

The Wilmington, Del., Coin Club has changed its meeting place from the Ferris School to the West End Neighborhood House, 710 Lincoln Street in Wilmington, and has scheduled its next meeting for Tuesday, May 23, starting at 7 p.m.

Organized last November, the club now has 96 members with an average attendance of 100 persons at meetings. Officers for 1961-62 were recently announced. They include:

Donald G. Blackburn, president; Robert P. Egnor, first vice president; Cornelius B. Tyson, second vice president; Florence M. Behrends, recording secretary; John C. Rathfon, corresponding secretary; Eldon L. Mitchell, treasurer; Esther Evans, historian, and Charles H. Buckalew, curator.

On the board of governors are William H. Waite, Charles Spicer, Henry Brown, Buckalew, Robert Brown and Robert Gerrold.

At the May 23 meeting, Charles Buckalew is slated to speak on "Ancient and Foreign Coins". At the last session, Vance Jaquette gave a history of large cents and discussed Mint errors on both the large and small variety.

Club Inspects 1849-O Quarter

Feature of the May meeting of the Redwood Empire Coin Club of Santa Rosa, Calif., was the display of an 1849-O quarter, the mintage of which has never been reported, according to secretary Guy L. Chapman.

The Red Book leaves the mintage line blank, and the Blue Book says "Not mentioned in Director's Report".

National Coin Week observance was summarized, with the announced total of seven Santa Rosa business houses exhibiting the club's displays.

Quintillion Pengos In Bill

What is considered to be the highest face value of paper money in existence, a Hungarian note printed during the post-war inflationary period, was featured in a display at the South Chicago Y.M.C.A. during National Coin Week by the South Chicago, Ill., Stamp and Coin Club.

One of the bills displayed carried a face value of 100,000,000,000,000,000,000 (100 quintillion pengos). Other Hungarian money was

also part of the exhibit, as were U.S. coins.

Reports on visitors to the exhibit are expected to be featured at the next meeting of the South Chicago club, scheduled for the Y.M.C.A. on Tuesday, May 23, starting at 8 p.m.

Van Hook Top Winner At Central Iowa Coin Show

Between 500 and 600 persons attended the second annual Coin Show presented in early April by the Central Iowa Coin Club of Marshalltown, at the Hotel Tall-

corn in Marshalltown, according to a report from the club secretary, A. L. Eddy.

The exhibits were reported to be outstanding, with best in show honors going to W. E. Van Hook of Maxwell, Iowa, for a complete set of Philadelphia Mint cents from 1793 to 1960. The same exhibitor also won first for U.S. General, and second on U.S. Type coins.

Raymond Ryan, Chelsea, Iowa, was awarded a first on U.S. Types; Edna Hess, Marshalltown, first on U. S. Currency, and Richard Tabor, Marshalltown, second on U.S. General.

Four states were represented at the bourse with 13 dealers having tables. The auction was reported as a "collectors' dream", with all lots below estimates.

In his report, Eddy stated: "In this rush to get things done, there were several matters that got mixed up, and I hope those reading this will try to understand that no matter what needs to be done or what does get accomplished, there is always something that goes wrong or is forgotten."

Errors Humanize Mint - Even Unacknowledged Ones

Mrs. C. O. Buchardt of Warnerville, N. Y., was attracted by the 1956 proof set with two dimes pictured in the May 4 issue of 'Coin World'. She looked at her own and found she had a 1957 set with two dimes and no cent.

COMMENT: The Mint has human beings working in it, and being human they make mistakes. Some of their mistakes are valuable to other people, unlike most errors. It is also human not to like to admit making a mistake, also true of the U. S. Mint!

That is why Mint officials sometimes deny that the Mint has done something, when there is objective evidence that it did. What they really mean, according to one theory, is that the official does not have absolute knowledge that it was done, regardless of what he or she may think about it (which is not revealed).

If asked point blank "do you have absolute knowledge that it was not done or that it was physically impossible for it to be done?" the Mint official would probably "hedge" or in strict honesty would in all likelihood have to say he did not know. We have never heard that such a question was ever asked about the 1943 copper cents which Walter Breen says exist and the Mint denies striking.

Lynn Altomare of Jamestown, N.Y., says he (or she) has found a 1956-D Lincoln cent with a filled "9" and high "D" and wants to know if it is worth anything.

ANSWER: Kolman says such defective die cents are worth maybe 25 cents. Jewett puts them at 50 cents. See what the ads say.

Tommy Garnett of Paducah, Ky., writes of finding in a roll

of cents one with the date 1911-S, the date being very good.

COMMENT: This proves that missing digits are nothing new. These are usually caused by one or two things, either somebody scraped it off, or it was done by a filled die at the Mint. Such coins are oddities or "Fidos" and interesting rather than valuable, but there are people who specialize in collecting them. You are likely to see some listed in 'Coin World's' classified section 71.

William Bierman of Aurora, Colo., has come up with a new variety of 1960-D Lincolns, similar in principle to the horizontal "D" published here last week. This one, however, is double punched vertically, with the first "D" much too high, and the second in more normal position. The top of the second is about midway of the first, the top and bottom of which are easily visible above and through the middle of the second.

COMMENT: This is one of the most obvious such errors we have seen, and so far as we know is the first report of it. Since it was done on the working die, there should be more but how many were struck before the error was caught is anybody's guess. It is difficult to make a thorough study of any coin that was minted in the quantity of the 1960's.

Ken Gurney of Cherry Valley, N. Y., sends a rubbing of a coin he believes to be Spanish, dated 1801 and would like to know something about it. Carolus III is inscribed.

ANSWER: Your rubbing shows a small o over the M on the reverse, which indicates the Mexico City Mint, but it was a Spanish

coin for all that, since Mexico was under Spanish rule.

It is an 8-reales piece, the kind that circulated in the United States in early days and gave rise to our dollar, although not the type shown in the Redbook. Raymond's Standard Catalogue of 1947 lists it at \$2.50, but your rubbing shows the coin to be in fairly nice condition and probably worth twice that, anyway, now. Don't quote us on that, however, as we can't be responsible for values.

Watch the ads to see what dealers are charging for such things, or take it to a coin club.

Mrs. Max Weinstein of Portsmouth, Ohio, asks two questions, first, does a British coin dated 1826 have any value, and, second, what is the best way to send rolls through the mails to guarantee they will arrive.

ANSWER: To the first, we can't tell without knowing the size of the coin and its condition. Try a rubbing. To the second, it depends on how many rolls. We have found a strong cardboard box, well tied, to be adequate, but also had them arrive with an end broken open. If the rolls can move in the packing, they are likely to break open. Stuffed book envelopes will work for two or three rolls. Be as careful as you are able. There is no such thing as being too careful!

Arnold G. Maurer Jr. of Canton, Ohio, writes that he has an 1831 half dollar that appears to have both a reeded edge and a lettered edge, and wants to know if there is any record of such.

ANSWER: Beistle lists one such as 1831 9 J., but we can't tell

whether yours is the same at this distance. Try C. T. Bolus on it. He should be able to lay his hands on a copy of Beistle.

Ron Rainka of Amherst, Mass., writes about the "bar" nickels and the "frosted" proof sets, and wants to know what causes each. He has noticed "bar" nickels with a light bar over the "O" and as it got progressively heavier, it also appeared over the letters in Liberty.

REPLY: The bars on the nickels are simply die cracks, as far as we can figure. If there were only a few of them, they could be a "flow" of metal due to too light die pressure, but since there are so many they have to be from defective dies.

Louis C. Schlueter of St. Louis also asks about these nickels and wants to know if they are worth the \$1 in circulated which he has seen asked for them.

As to that, asking and getting are sometimes two different things. If collectors of oddities are paying \$1 for those nickels, then the value is established. If it is being asked, without being sold at that price, then \$1 is too high.

As for Mr. Rainka's question on proof sets, we will try to find out from the Mint. However, our belief is that they are merely incompletely finished proofs but we will admit to guessing on it.

Vito DiPalo of Chatham, N. J., wants to know if coins should be cleaned.

ANSWER: When in doubt, don't! Cleaning normally reduces the value of a coin, and damage may show up later if not immediately. It depends on circumstances and the original condition of the coin. Dr. Epps said that benzene and ethyl are the only absolutely safe cleaners for BU coins and proofs. Olive oil works on other kinds.

Ask anybody who sells a cleaned coin whether he has any such in his own collection and if so, how he cleaned it. That is probably the best answer. Also, when experimenting, try it on a valueless coin first. We can't say "yes" or "no" without qualifying the answer, in any case. We have cleaned a few old coppers but that is about all.

Easter Service Coins Auctioned

Monday, May 22, has been set for the next meeting of the Lawton-Fort Sill, Okla. Coin Club, slated for the civic room of the Security Bank and Trust building, starting at 7:30 p.m.

At the last meeting of the club, special displays were set up as a feature of National Coin Week, with the group having exhibits at the two Lawton banks.

In addition, an unusual auction took place, with lots being formed from coins received in the Wichita Mountain Easter Service donations. Receipts from the auction were to go to the Easter Service.

Club Moves NCW Exhibits

National Coin Week was emphasized in Orlando, Fla., with this display in the window of Ivey's the entire week. The Central Florida Coin Club arranged displays in the lobby of the First Federal Savings on April 23; the rest of the week they were moved to the lobbies of 16 banks and savings institutions, Belk department store and the public library. Two television programs and numerous radio announcements by the banks added to the publicity; the club received good newspaper coverage and had a photo go on the AP wire.

tions on the "Parade of So-Called Dollars" during the program.

Maurice M. Gould was named representative to the New England Numismatic Association convention in Springfield. Saul Gurvitz was presented with a gift for his wife from the club.

The Canadian Collectors club was formed in April, 1959, and now has 83 members; attendance at the meetings sometimes reaches 135. Fred Samuels, Van

Hornes, Montreal, and Ray Hobin, Stittsville, Ontario, are honorary members. They were named at a joint meeting with the Pawtucket, R. I. Club.

The club uses the reverse of a 1935 Canadian silver dollar as its symbol.

Swedish Coins Cataloged By Monarchy, Date System

By Axel Miltander
Bevaringsgatan 11
Gothenburg N. Sweden

I start today saying thanks for letters to all of you. There are several questions to be answered, but I hope to be able to write about them later on. So if you read this paper in the future, your question will appear earlier or later. Some of you have also got answers in personal letters.

A. Miltander

Very many ask me for any Swedish catalog. We have only one catalog in Sweden who lists all Swedish coins minted since the modern Swedish history began in 1521 when Gustaf Vasa was proclaimed king of Sweden. The catalog is published by Harry Glick and C. G. Hesselblad (M.C. Hirsch AB, Regeringsgatan 59, Stockholm C, Sweden. Price \$4 postpaid to USA). Mr. Glick tells me that about 12,000 copies have been sold of his catalog.

The GH-catalog mentioned gives values of all Swedish coins except for those who are not known in private collections. It seems me to be a good idea as it must be impossible to say the value of a coin you can see in a museum only and who never will be sold.

The coins are listed after the monarchy system. It means that all coins from each king (or queen) are listed together in a chronological system. Under the names of each king you can read the kings devise in Latin and Swedish. For instance king Sigismund 1592-1599: DEVS PROTECTOR NOSTER, Gud ar var beskyddare (English: God is our protector). The listing starts with the gold coins, runs over silver to bronze or iron. The quality is mostly given in five grades, from BU to poor.

If you look in the catalog you will find that nearly all bronze coins since about 1900 have a value of less than one dollar in BU-condition. I suppose these values will increase rapidly after hand as the number of collectors grows up. Exceptions are given, for instance 1 ore 1914 R 18 dollars, 1909 R 5 dollars, 5 ore 1927 R 5 dollars, 1910 R 6 dollars etc.

Our last gold coins were minted in 1925 in denomination of 20 crowns. You will find that it has a value of \$28. The 5 crowns from 1920 in gold has a value of \$9. Earlier gold coins are expensive.

If you collect Swedish coins or plan to do so, this catalog will

Detroit Museum Popular

During the month of May the Money Museum of National Bank of Detroit will greet its 50,000th visitor. The Museum, which opened a year ago, displays the Nate S. Shapero collection of coins, currency and odd and curious media of exchange. The 12,000 specimens, collected over 40 years, relate the story of civilization as seen through numismatics.

One of the most recently acquired and certainly the largest of the monetary units on display is a huge 870-pound cartwheel of Yap Stone money—the largest to leave Yap Island. New exhibits also highlight the disastrous results of uncontrolled inflation in the Ger-

man Weimar Republic following the end of the first World War, and the coins and currency of the American Civil War.

The unique method of displaying the collection has attracted international interest through eight articles which have appeared in numismatic journals published in other lands.

The Museum Director, Rear Admiral Oscar H. Dodson, USN (Ret.), has appeared before many audiences throughout the nation,

publicizing the significant contribution of numismatics to various fields of knowledge.

In planning for the joint convention of the American and Canadian Numismatic Association in Detroit in 1962, the Museum staff is preparing additional displays of special interest both to the beginning and the advanced collector.

The Money Museum, located in the main office of the National Bank of Detroit, is open to the public from 10 a.m. to 4:30 p.m. weekdays and until 5:30 p.m. Fridays.

Garmoe Heads Iowa Group

The Fairfield, Iowa, Coin Club held its first regular meeting in early May, with 85 charter members on its roster, bring it close to a record for size at that stage of organization.

Earl Garmoe was elected president of the club, and James Nelson, vice president. Following a talk by Iowa Numismatic Association president, Wyard Troja of Fort Madison, the group voted to join the I.N.A. and Herman Deden was appointed club representative to the state association.

Copies of tentative by-laws and constitution were distributed to the members for study and decision at a future meeting.

Towns represented in the charter membership of the Fairfield club include Ottumwa, Richland, Keota, Selma, Wellman, Stockport, Farmington, Brighton and Des Moines.

New Mexico Admissions Silver Dollar

If any collector of silver dollars can't find an 1889-P, he should visit New Mexico.

The New Mexico State Fair takes place in the fall. Entry to it is made by silver dollar only, and thereby hangs this tale.

To provide for last fall's Fair, the Bank of New Mexico in Albuquerque ordered 1,000 silver dollars. They arrived from the United States Mint in Philadelphia and turned out to be B.U. 1889-P.

Collectors got wind of this, and "gobbled" up the entire supply, so the bank ordered another bag. It came, and bore a tag, printed in old fashioned type marked "Mint of the U.S.A., Philadelphia, 1889", and its contents were more of the same.

It didn't matter to the Fair authorities, however. They said that regardless of whether the coins were worth \$1, \$1.10, or any other figure, admission was still one silver dollar, no more, no less.

Since the Fair presumably banked its admission fees later, those 1889-P silver dollars probably stayed around that area, and any collector who wants one just has to go there and look around, according to one theory.

Banks Had Free Hand In Era Of Wildcat Currency

A note marked "counterfeit" by the Suffolk Bank of Boston. For some unknown reason quite a few notes were redeemed and then marked counterfeit.

By Hank Bieciuk

During the days of "wildcat currency", a number of attempts were made to both regulate and control the issuance of bank notes. Although the individual states issued charters to banks, they did little else to regulate the affairs of the banks. No reports or statements of condition were necessary. The actual specie capitalization of the bank was seldom, if ever, investigated. Almost anyone could, and did, obtain the necessary charter to open a bank for business. In some states charters were a political prize extended to loyal party members. It became necessary, therefore, for the banks themselves to impose certain restrictions and restraints.

The Suffolk Bank of Boston instituted the Suffolk System of compulsory redemption of bank

notes. This bank, with the cooperation of six other Boston banks, organized a clearing house for notes of non-member banks. The Suffolk Bank, and its six bank members, instituted a redemption fund to be held and used by the Suffolk Bank.

Thus, the banks which entered the system would have their notes redeemed at par in Boston, the financial center of New England. Banks who refused to join the system were called upon to redeem their notes on demand in specie.

The effects of this system were several in number. Loosely organized banks with outstanding currency far in excess of their specie backing, were forced to contract their operations to reasonable limits. Thus, indiscriminate issues of currency were brought to a halt in fear of demanded specie redemption.

However, this contraction of operations also worked in the bank's favor. By virtue of the coveted Boston redemption by the Suffolk System, bank notes of the sys-

PRESENTING A NEW KIND OF COIN BOOK FOR ALL COLLECTORS, INVESTORS AND COLLECTOR INVESTORS!

UNCOVERED!

The prices of uncirculated U.S. Coins for each separate year since 1935! A fascinating year to year history of coin prices that will open your eyes! Learn what the yearly price change percentage has been on each coin. Many surprises in figures revealed!

34 YEARS							
1935	1936	1937	1938	1939	1940	1941

WHAT WILL YOUR EXPENSIVE COLLECTION, YOUR COIN INVESTMENTS, BE WORTH IN THE YEARS AHEAD... WHAT ARE THEIR "MATURITY" DATES AND VALUES?

For the first time this priceless data is made available in "The Profit March Of Your Coins From 1935 To 1968." Here you will find a scientific and accurate scale of future values based upon what each coin has done in the past. Up until now such predictions were based on the mere pulling of a hypothetical figure out of the air. You'll see how coin prices change over the years, the price change percentages, coinage totals, projected prices from 1961 to 1968, comments on the future... on each and every uncirculated coin, roll, or proof set.

Reading this guide will leave you with a new respect for your investment.

You'll see what the prices were back in 1936, 1945, 1950... or any other year! How they have changed, startlingly, in the thirties, forties and fifties... and what they will be in the next four or eight years!

Up until now, the factors involved in coin futuristics have not been presented so there has been no yardstick with which to measure the possibilities. Now revealing pages mathematically prove that most investments in coins will, regardless of present confusion, produce future yields that will far exceed expectations!

Not only the coin investor, but the collector should have this guide

in his possession! Collections have a way of growing and growing until they represent a tremendous investment. If you have such a valuable collection or have set aside rolls, you should know how long it will be before your coins are worth a certain amount of money... enough, perhaps, for college educations... travel... emergencies... or even partial retirement (it has been done). You'll get the answers when you have this unusual book before you. You will be shown the individual price pattern of each coin, the length of each cycle and the frequency of change. With this set pattern you can observe how long the upsurges and the downsurges lasted in the past and govern future actions accordingly.

"THE PROFIT MARCH OF YOUR COINS FROM 1935 TO 1968"

LEARN WHICH COINS ARE LIKELY TO INCREASE IN PRICE FIRST. WHICH WILL OFFER THE BEST SECURITY OVER THE YEARS.

Inasmuch as the past is but a mirror of the future, it would behoove any coin collector or investor to seriously review the past price history! Such records have always been available in other investment

fields! Now for the first time you have the same opportunity! Don't guess or worry any longer because of a lack of investment knowledge!

tem's member banks enjoyed a far greater extended circulation than others.

As a rule, "country banks" (banks a long distance from money or financial centers) were subject to discounts upon redemption at the financial centers. This loss or discount usually ranged from 3 to 5 per cent. The Suffolk System eventually reduced this cost to only 10c per \$1000. Since the system operated for and in the best interests of all members, almost all of the banks of New England joined the system.

Although the Suffolk System was by far the best, it was by no means the only one. Safety Fund systems were put into operation in both New York and Michigan. Since both operated along similar lines, we need only to discuss the New York Safety Fund to see how they were operated.

The principle behind the safety fund system was this: all member banks mutually insured the redemption of all notes issued by all the members of this system. Each bank contributed annually an amount equal to 1/2 per cent of its capital until the same equalled 3 per cent of the total bank capital. This amount would then be used to redeem the notes of any member that became insolvent.

The safety fund added prestige to a bank's notes and permitted the notes to circulate more freely than non-member notes. Unfortunately, with this freer circulation, the banks issued more and more currency that was backed by less and less specie.

The system failed. Had care been taken to prevent over-issues, the system would have worked quite well. Or, if the contributions to the fund were based on the volume of note issues rather than capital, the plan also would have succeeded. As it was, the plan was a dismal failure.

But, in failing it led to better legislation and to the "free banking" law which was passed in 1838. Prior to this date, all New York bank charters were granted by special act of the legislature and were given as political "plums" to patrons of the party.

It is interesting to note that during the 1850's bank failures grew less and less in number. Had not the Civil War intervened, it is fair to assume that a number of systems would have been perfected that would have prevented any failures.

Frederick Claffy of Indianapolis, Ind., was scheduled to be the speaker at the May 16 meeting of the Central Indiana Collectors Club of Noblesville, set for the Firestone cafeteria on East Division Street, starting at 7:30 p.m.

Claffy's subject was slated to be "British and Religious Crowns", illustrated with items from his own collection which has taken honors at many exhibits, according to the report from Mrs. Jerald Applegate, club secretary-treasurer.

Jules J. Hernych Jr., 3320 Jersey Ridge Road, Davenport, Iowa, is seeking information concerning a 1928-D half dollar that a friend, Mrs. Lester Fries, found in a roll. They had it checked by a jeweler who magnified it 40 times, but no traces of alteration were found. Hernych advances the theory that it could be another 1922 Lincoln head cent, and he is asking for consultation with fellow collectors.

Romans Had Tokens

A Roman tessera was a token or ticket admitting the bearer to the theater or the circus, and indicating his seating position.

COMMEMORATIVE ISRAEL COINS

There is an unusual strong relationship between the philatelist and the numismatist. When the stamp collector learns of a small printing issue and he obtains his supply, he is most content and happy.

Very few collectors (stamp and coin) know of the LOW, very LOW Israel commemorative coin issues - some as low as 18,000 uncirculated and 2000 proofs - giving you some idea of the scarcity of the Israel commemorative coins. These coins have slowly risen in price but are still very low in relation to their small available number in existence.

Israel has issued seven (7) commemorative coins during its 13 year history starting in 1958 at the rate of two per year. The following are uncirculated and in perfect condition; some with Israeli olive wood boxes. Prices for PROOFS are available on request.

The Romance of MONEY

By Ted R. Hammer

A small boy opened his tightly clenched fist to display a 1943 cent. The letter S under the date indicated the coin was minted in San Francisco. The lad held the coin toward the bank teller. "Where do I turn this in for the \$1.50?" the boy wanted to know. "What do you mean?" "The Red book in the library said this coin is worth \$1.50. Where do I collect the premium?"

Then the teller saw the light. The boy had approached the window of the one of the two coin collectors in the huge bank. The teller realized that the coin had a catalogue value of \$1.50—in uncirculated condition. Condition—there is the rub.

The bank employee had several catalogues in a drawer before him. Among them was a duplicate of one the boy—of perhaps 11 years of age—had seen in the public library. It was the Whitman "Guide Book To U. S. Coins," "Bible" of many American coin dealers and collectors.

The teller explained to the boy that the coin he had was greatly worn and brown in color. The \$1.50 price would be the amount a dealer might charge for a coin "bright and shiny as the day it left the mint."

"How're you gonna keep a coin in that condition?" the disappointed boy asked.

The teller explained that coins 2,000 years old were found in what collectors term mint condition. Since the beginning of minting coins back in 700 B.C. in Lydia, there have been coin collectors. They put away a few coins as each new series appeared. It is not unusual today to find hoards of coins minted in Ancient Greece

or Rome.

Today, collectors can put away coins in moisture proof paper, or moisture proof envelopes. The coins may be wrapped in aluminum foil or put in plastic containers that keep out moisture.

The cents of 1943 were made of steel and given a zinc coating. Even when most carefully put away, they show up spotted and discolored. But the worn, discolored cent of 1943-S was worth just a cent. That's the difference condition makes.

CONTRACT
AD RATES!**

Here is a typical example of the advantages in using a low-cost WEEKLY advertising contract: Dealer John Jones runs 3 quarter-page ads within three months, each at the one-time rate. His total cost for the three ads is \$153.00.

Dealer Henry Smith has used his sharp pencil and compared the contract ad rates. Result . . . he has a 52 week advertising contract! In the same three months, he has inserted 3 quarter-page ads and 13 Classified Display one-inch "rate-holder" ads — a total of 16 ads at a total cost of \$152.75. Which dealer got the most mileage from his advertising dollar?

Dealer Smith knows that, with his 52-week ad contract with a minimum of his one inch "rate holder" ad appearing EVERY WEEK, he can run a quarter-page ad, a half-page ad or even a full page ad at the lowest ad rates for these sized ads in any coin newspaper! He also knows that he gets the added premium of the WORLD'S LARGEST PAID CIRCULATION among ready-to-buy coin collectors in the United States and Canada.

Dealer Smith has been busy every week "talking" to more than 58,000 collectors . . . identifying himself with a particular branch of numismatics. Dealer Jones has been content to speak up only three times. Which dealer gets more business from collectors? Whose name is mentioned at coin club meetings?

Any way you figure it, YOUR BEST BUY is a Coin World WEEKLY advertising contract! You get MORE SPACE to reach MORE COLLECTORS for FEWER DOLLARS!

Veteran Talks To Neophyte

Veteran coin collector Cecil Moore shows neophyte Jim Hines his dozen 1877 proof shield nickels — of 500 estimated struck — at an Orlando, Fla., exhibit during National Coin Week. Moore values the coins at \$5,500. In the lower photo, Mayor Robert Carr is shown old coins by Bill Birr, numismatist.

Televiewers Aware Of Club

A National Coin Week promotion by the Panhandle Coin Club of Chadron, Nebr., was 540 minutes of televising — plus a series of minute and 10-second spots and three coin discussions. (The engineer of KDUH, the Hay Springs, Nebr., TV station, is Ed Davenport, a member of the club). This photo, taken in the studio of KDUH shows, left to right, Owen Lyons, John Ludwig and Art Christ on camera, all of Chadron. The club's NCW sign on the backdrop was in the center of the picture for six days, 90 minutes a day. The coin discussion time was donated by the station. Edwin J. Coates was Panhandle NCW chairman.

Hungarian Gold Highlight Of Empire State Convention

Exhibits at the 22nd semi-annual convention of the Empire State Numismatic Association, which opens Friday, May 19, at the Manger DeWitt Clinton Hotel in Albany, N. Y., will feature a special collection of Hungarian gold, second only to one in the Hungarian National Museum at Budapest, according to a report from general chairman James Walser.

This collection is owned by Charles Z. Mihalyi, who plans to exhibit it only once more, at the American Numismatic Association convention in Atlanta and then will retire it permanently from public view, Walser said.

Another feature of the E.S.N.A.

session will be a "Numismatic Research" table, stocked with volumes pertaining to the hobby and under the direction of Charles Schermerhorn of the host Albany Numismatic Society.

Highlight of the convention is expected to be the reception by the Albany club in honor of its 25th anniversary, under the chairmanship of Jacob Cheris. Charter members of the society will be presented sterling silver anniversary medals, specially designed by Alphonse Kolb, noted sculptor and past president of the Rochester, N. Y., Numismatic Society.

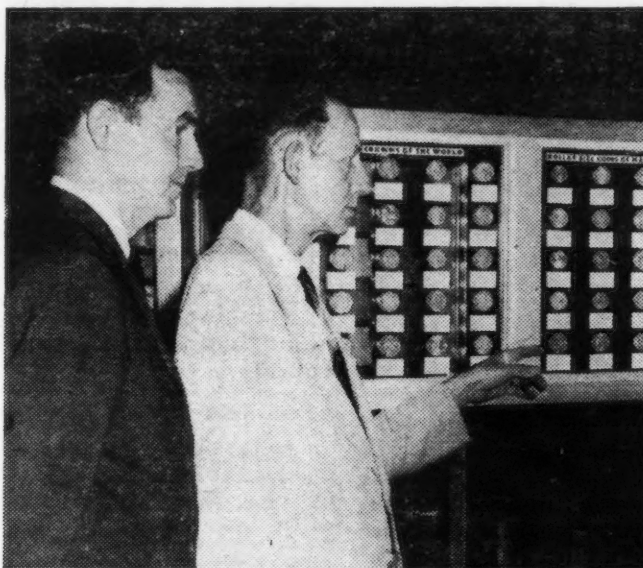

Registration for the convention is scheduled to open at 9 a.m. on Friday.

Sampson Displays At United States Bank

A display of coins was arranged for exhibit by Abel Sampson, Long Beach, Calif., at the United States National Bank in that city during National Coin Week — a real attention-getter and

conversation piece for bank patrons. He included So-Called Half Dollars, Medals, United States mint coins, type coins, gold and proof coins with the latter dominating the display.

La Porte Club Works Hard

Inspecting a coin and currency collection on display in the lobby of the First National Bank in La Porte, Ind., during National Coin Week are Norman Stone, a bank vice president, and Al Snyder, vice president of the City of Lakes Coin Club. Snyder points to a pane of dollars from various countries, loaned by the Chicago First National Bank. The club displayed coins in more than 20 downtown locations. In the bottom photo Mayor Everett A. Koomler signs the official NCW proclamation for La Porte. Snyder, left, and Duncan A. Stevens, club president, witnesses the mayor's signature. (Herald-Argus photo).

Program To Be Eliminated

The Washington, D. C., Numismatic Society, which holds its regular meetings on the first Monday of the month, has scheduled a special session for Thursday, May 18, which will comprise only a "Bourse and Trading" period with no program, according to an announcement from Stephen Ruddel, chairman of the special meeting.

Only activity of the night will be the selling, buying and trading of coins and numismatic material.

Visitors will be welcome, Ruddel said, and dealers' space will be available.

The event is slated for the club's regular meeting place, the Smithsonian Institute, 10th and Constitution, N.W., in downtown Washington, starting at 7:30 p.m.

Roman Coins Popular

Statues of Philip II were the most popular coins in Gaul despite their Greek origin.

LINCOLN CENTS

In 25 years time some grades have accumulated in excess of my inventory need. A few weeks ago I offered some of these in Coin World and hundreds of orders for thousands of Lincolns were received — and most orders were filled completely. Here is a second similar offering, good for only 10 days. Three-day return privilege.

Airman Compiles New List

A Check List of Modern and Medieval Coins by Alcedo F. Almanzar is a new 20-page book listing coin issuing countries.

The list of world coins was started as a project for A 1/C Almanzar's own use "with the hope of being put together in a matter of hours."

He soon found the job was going to be complicated—and coin books, encyclopedias and bulletins were soon crowding his desk. He worked for two months, and letters of encouragement and those telling of the need for such a list kept him going.

"Many collectors wanted to know where to place their coins—those of the Isle of Bourbon, the Isle de France, Essequibo, Demarary, the 'anchor money' used throughout the British colonies, and the Maria Theresa thaler," the airman said.

"The need of a check list," he continued, "I felt to be one of the most wanted publications for the true numismatist."

He disclosed that with the check list if one has a coin from one of the places mentioned earlier, it is only necessary to check them against his list.

In the first example, Bourbon

was the old name of Reunion Island and its early coinage should be placed along side those modern pieces which read Reunion Island; coins of Essequibo and Demarary under British Guiana; the Isle of France under Mauritius.

Every country on the list has two check places, one for checking when a collector has one or more coins, the second for completion of type collection. It is almost impossible to have at least one coin of each country in list, the author said. However it can be a challenge to possess half the countries, and to complete the whole collection of a few. Early U.S. coins such as New York, New Jersey and Connecticut etc. appear in list, although he advises for them to be all grouped under U.S. early coinage.

So he designed the publication with U.S.A. and Canadian collectors in mind, and grouped early States issues under their present status.

Almanzar is a lover of foreign coins and says he cannot think of a better field in collecting type coins of the world. "It often surprises me how inexpensively one can buy these interesting pieces," he said.

"Although I have only been in the field a comparatively short time, I have worked feverishly in learning and compiling information on these," he revealed.

He spent four years in England with the United States Air Force. It was there that he first started collecting. He soon became a member of the various numismatic clubs and studied British coins. He is now working on a price list of British coins, from Victoria up to the present time, giving their accurate values in different grades according to the value they hold among British collectors.

Airman Almanzar is still in the Air Force and has nine years of service. He has been stationed in Japan, Korea, Hawaii and England (where he met and married his wife). He is stationed at the Aerospace Medical Center, Brooks A.F.B., Texas. His permanent home is in New York. "I hope to continue doing research work on coins, and after my discharge or retirement would like to publish a more advanced book," said Almanzar.

Young Artist Designs Coin

Wentworth Cadet Phillip S. Roberts of Kansas City works on a sketch of a soldier firing from behind a hemp bale — used on a commemorative 'coin' issued for the Battle of Lexington re-enactment. The tokens went on sale the last of April in Lexington, Mo., stores. Obverse of the token (lower photo) shows the famous cannon ball column of the Lafayette County Courthouse. The reverse contains the hemp bale sketch. Cadet Roberts, who has been drawing all of his life, did artwork from ideas suggested by Wentworth faculty members. Bronze medals are \$2, silver, \$3. They are available from the Chamber of Commerce.

I am 100 per cent for the article of John M. Booth on the American Numismatic Association in the April 20, 1961, issue. I would like to see more of the advertisers use their A.N.A. number.

Joseph M. Baretincic

May I suggest that when you put the answers to the five questions, put the page number the questions were on, with the answers, so one may refer back and refresh his memory.

Enclosed find money order for \$5 for the next 104 weeks of Coin World. My renewal starts sometime in April; I'm not going to tell you and your staff how good this paper is as my renewal explains itself. Good luck.

L. Masi
Philadelphia, Pa.

Enclosed is my check for a display ad in the classified section . . . but I'll leave it up to you. I don't care where you put it except on the wrapper. The only guy that reads the wrapper is the postman and he doesn't collect coins. Judging from the response I've had on previous Coin World ads, I'd say that most people must read your paper from beginning to end.

Please renew my subscription and send gift subscription to the Elizabeth Public Library. Recently a co-worker's son became interested in coins and was surprised to find the library had a very limited amount of books on them. I found this so. Therefore to help any other youngster interested I'm donating my gift to them. I plan to contact my friends and see if they cannot locate some of their old coin books and give them to such a fine institution.

TRADE ONLY!

I AM IN NEED OF SOME 1909-SVDB CENTS And am willing to trade some of my 1877 Indian Head cents. I have all grades from fair, to very fine. Mostly very good.

If you have any S-VDB's to trade for 1877 Indian Heads, drop me a card or letter and let me know what you expect. All I ask is be fair in your offer.

1877 Indians are higher in price than S-VDB's, so trading grade for grade is out. I am not going to give these away! So let's get going and if we are anywhere close, I'm sure we'll do business!

THE LIBRARY OF COINS

By Any Standard, Still The Best!

Complete visibility and complete protection, the two most-wanted features of a coin album, are presented for the first time by THE LIBRARY OF COINS. Bound like books, handsome and compact, each Library of Coins volume displays and protects its coins between two sliding panels of clear, tough plastic. Each coin "porthole" has printed next to it full data on mint mark and quantity minted. Each volume contains a brief background story on the coins, giving both the novice and advanced collector helpful information, including a listing of the rare dates.

Measuring 8 1/4" x 6 1/4", the volumes are low priced, sturdily manufactured, and perma-

nently bound in a variety of identifying colors for the various denominations. Their compact size permits the storing of a large coin collection in very small space. Backbones are clearly gold stamped so that they are as readily identifiable as are books.

The Library of Coins represents the first major innovation in high grade coin albums in more than 30 years, and was several years in development. Designed by numismatists, the Library of Coins is designed to satisfy the needs and desires of numismatists. Write for descriptive circular on the Library of Coins.

The Coin and Currency Institute, Inc., of New York and California has been appointed sole national distributor of this medal, which commemorates officially the Centennial of the Civil War.

It will be available in both bronze and silver about May 31, 1961.

The medal, which is 2½ inches in size, is being issued under authority of the Civil War Centennial Commission, which was created by an Act of Congress. The medal will be struck by the Medallion Art Company from designs and sculptor's

models that have been approved by the U.S. Government Fine Arts Commission in Washington, D.C.

As can be seen from the above illustration, the obverse bears the portraits of Gen. Ulysses S. Grant and Gen. Robert E. Lee. The reverse shows the seal of the Civil War Centennial Commission, having as its main theme, a Union and Confederate soldier. The medal will be sold in its own specially made container and will come with a printed, informative leaflet.

In addition to the bronze medal, there will be an issue of pure silver medals, which will be limited to 25,000 serially numbered pieces. The purity of the silver will be greater than .999 fineness.

PRICES OF THE CIVIL WAR CENTENNIAL MEDAL

The official prices of the Civil War Centennial Medal follow:

THE BRONZE CENTENNIAL MEDAL....\$4.00

THE PURE SILVER CENTENNIAL MEDAL....\$30.00

Please note: Because of the limited issue, the silver medals are offered subject to being sold out. Those wishing silver medals should place their order now. Earlier this year many thousands were disappointed

when their orders for silver Inaugural medals were placed too late. Because of the overwhelming national interest in the Civil War, it is expected that the silver medals will be quickly sold out.

The bronze and silver medals will be available about May 31, 1961 at your local coin and stamp dealer, department store coin counters, hobby shops etc., or

you may write to either our New York or California office. Established dealers wishing to carry this medal for resale should write to us at once for our terms.
